600 SOLDIERS ARE RED CROSS GUESTS

More than 600 soldiers from various camps of the country reached the Oakland mole this morning on different trains. Each contingent was served with a hot breakfast at the Red Cross hut in the mole. The men enthusiastically pronounced the service here the best they had received anywhere in the country.

The first train reached the mole about 6 a. m., more than an hour ahead of its schedule. And the last one bearing fighting forces arrived at 8 a. m. The men remained but a short time on this side of the bay and were soon on their way to the demobilization camp at the Presidio in San Francisco.

Contingents to arrive this morning were:

Forty-weight men from Camp Lee; 147 from Camp Devens, Mass.; 240 men of the 128 infantry, Camp Mills; 25 from Fort Ord, Cal.; 20 from Camp Meade; 31 from Camp Dix, 50 casuals from Camp Mills; 165 men of the 162d

FLOWER SALE TO BE CONTINUED

The flower drive for the benefit of the Baby Hospital will be continued this week, according to an announcement made today.

While the results of the work done by the Girl Scouts and others last week was satisfactory, it was decided that not sufficient time was provided for, and beginning tomorrow the girls will collect and prepare flowers for sale on the streets Friday, Saturday and Sunday. The drive will close next Monday night. Tomorrow some of the Girl Scouts will make a canvass of the merchants of the city for the purpose of obtaining pledges either of money or merchandise.

Infantry and base hospital 96 from Camp Merritt.

DRY LEADERS PLAN FIGHT TO BLOCK REPEAL

WASHINGTON, May 21.—"Full information" for the Senate on international affairs was promised by President Wilson today in a cablegram to Acting Secretary of State Polk, in acknowledgment of the Senate's notification that it had convened.

President Wilson's proposal that Congress repeal that part of the war-time prohibition law affecting wines and beers was the all-absorbing topic at the capital today.

Until the Republican leaders of the Senate and House had an opportunity to thresh the subject, it was stated, they would not be prepared to determine whether or not to follow the President's suggestion. They planned to hold conferences before the week-end, and hoped to be able to map out a course for the Republican majority to pursue in House and Senate, it was said.

Dry leaders profess the utmost confidence in their ability not only to prevent any amendment or repeal of the war-time prohibition law, but to force through stringent legislation for its enforcement after it becomes effective July 1.

Those who favored the President's suggestion, including Democratic leaders who are expected to swing the Democratic minority in Senate and House almost solidly behind the President's proposal, admitted that, in view of the strong opposition already threatened by the dries, it was doubtful whether the proposed "repealer" could be put through by July 1. It was pointed out that Congress will have about all it can accomplish to rush through the pending appropriation bills before the end of the fiscal year, June 30, without having more than one chance in ten of passing soon a measure on which there is certain to be much protracted and acrimonious debate in both Senate and House.

While Democratic leaders were outspoken in their support of the President's proposal, Republican leaders remained chary of comment. Several of them, frankly stated that they desired to "hear from public sentiment" before committing themselves one way or the other.

A bitter fight was to be expected, it was also stated. If a real effort was made to carry out the President's suggestion, Committee hearings might be demanded. Considerable time would undoubtedly be consumed before a vote on the proposition could be taken in either Senate or House. The situation was as difficult as it was perplexing.

Hurley Denies U. S. to Sell Out Ships

WASHINGTON, May 22.—Chairman Hurley of the shipping board has telegraphed H. H. Murdock of Chicago, president of the Mississippi Valley Association, asking on what information was based a statement made in a circular distributed to members saying that the shipping board was preparing to sell 600 ships to eastern interests.

"We have no information of any such action," Hurley's message declared.

EDWARD FOLEY TO GO ABROAD TO HELP TRADE

WASHINGTON, May 21.—Edward A. Foley of San Francisco has been appointed to represent the United States Bureau of Markets in the United Kingdom, the department of agriculture announced today as the first agricultural trade commissioner sent abroad.

He will sail for Liverpool May 24, to commence an investigation of farm products distribution there, with a view to developing markets for American agricultural produce.

Foley served as solicitor for the enforcement division of the food administration during the war and prior to that time he worked which involved extensive investigation into problems of food exportation and importation.

GRAFT CASES SET FOR NEXT WEEK

ing and entered only when the clerk spoke his name for the first indictment. O'Neill appeared the first time, self-contained of the three defendants, the mandate of abstraction of the other two failing to fit so closely about him. He betrayed no nervousness, however, as he faced the court for the first indictment, though his answer to the clerk's demand if "Thomas O'Neill" was his name was inaudible.

It was Carey's turn to fight for the longer period of preparation, and he laid down his parage without delay. He made the usual point of having numerous cases in other courts that also demanded his attention, cases all the way through May and most of June. Besides that, he had two of the defendants on his hands to Crosby's one, thus facing a total of 21 indictments. Decoto pointed out that there was little difference between the indictments.

It was when Decoto once more mentioned that the counsel had the indictments for week that Carey cited the delays which finding securities and getting Cockrell released on them caused. Judge Quinn listened for some time to the argument, then reversed the ruling in the Neiderman plea.

Cockrell was the last of the three to be arraigned, and owing to the greater number of indictments against him, his arraignment was the most enduring. By this time, however, it was settled that one week only was to be granted, and the counsel's request was made in confirmation.

District Attorney Decoto announced at the conclusion of the arraignment that a renewal of the grand jury's sittings had not yet been arranged. He was uncertain when the grand jurors would meet again. He declared that their work was contingent upon the progress of the present cases and that he would call them together when matters now under investigation were in shape for their consideration.

After the hearing Decoto said: "These trials are of deep concern to the people of this county and I desire to have them begin at the earliest possible date. I am ready now to proceed against all the defendants and give them a speedy trial."

"I want to clean up the vicious conditions that have existed in this city, and I want to do it thoroughly and at once, for while these conditions are permitted to continue the people are not safe in their homes."

Croix de Guerre for Y.M.C.A. Worker

With an honorary battalion of Marines from Mare Island and a group of French officers with their bright colored uniforms forming a picturesque background, Dr. Lynn T. White of the Presbyterian church of San Rafael was yesterday presented with the Croix de Guerre, at a most impressive ceremony held at the Embarcadero just prior to the start of the Navy Parade in San Francisco.

Dr. White as Y. M. C. A. secretary won this distinguished emblem of courage by having served the Fifth Regiment of Marines during the famous smash at Chateau Thierry and Belleau Woods. The citation of the Croix de Guerre, read by M. Julien Neltner, Consul General of France, stated that Dr. White had crawled under fire to Marines in isolated positions, serving them with food and cheering them.

Woman Born in S. F. in 1850 Is Dead

SAN FRANCISCO, May 21.—Funeral services for Mrs. Edith Cook, born in San Francisco, in 1850, will take place from St. Mary's Cathedral tomorrow morning. Father Farnham officiating. Interment will be in Holy Cross cemetery.

Mrs. Cook died yesterday at her home, 2065 Jackson street, following an illness of three years. She was the widow of the late H. M. Cook, founder of the Cook Baking Company. She is survived by daughter, Mrs. Ross Ambler Curran; two sons, Milton and Clifford G.; a sister, Miss Ida Scofield and a brother, Leonidas Scofield.

Gambling Ordinance Action to Be Sought

Conferees are to be called next week by the commission on P. F. 2, announced today, at which members of the city council will discuss with him the proposed anti-gambling ordinance, filed by him before election, and his proposed regulation of jitney buses in Oakland. Morse's gambling ordinance would make any form of games for money illegal. The jitney bus proposal is to take jurisdiction over jitney permits from the police and leave it directly with the council.

Boyhood Problems Studied by Boys

CHICAGO, May 21.—Delegates from 144 boys' clubs in the United States and Canada are gathered here at the opening of the three days' conference on the problems of youth, held under the auspices of the Boys' Club Federation.

The delegates range in age from 14 to 19 and they hope to find a "cure" for the chronic troubles of youth.

SHIP STRIKE IS SET FOR JULY 21

(Continued From Page 1)

was insisted upon an agreement being reached at an early date—and we desired to know what the position of the builders was upon this question, in order that we could inform the membership upon this coast at an early date. Mr. Gunn stated that we would inform them that we were reasonably sure that a conference could be had about July 15. In the meantime we were asked to inform the members of the metal trades department, asking him what would be the earliest date that he could attend a conference. He stated that it would be about the middle of July. President William H. Johnson of the Machinists' International union informed us that he would also be able to be here about that date.

"The delegates to the convention went squarely on record, as to its position relative to securing an agreement covering hours, wages and general working conditions; also the creation of a conciliation board.

"By unanimous vote, the convention determined: That each conference committee of five be elected, one to be elected from each of the following sub-districts: Seattle, Tacoma, Portland, San Francisco and Los Angeles. It shall be the duty of this committee, in conjunction with the international office, to meet and confer with the shipbuilders upon the proposed agreement.

STRIKE PROPOSED ON JULY 21.

"The convention authorized the sending out of the entire membership of the district committee of the proposed agreement, together with a statement and a strike ballot. In the event an agreement is refused, and a satisfactory agreement is not reached on or before 10 a. m. of July 21 next, a strike will be called throughout the entire district.

"The agreement provides for improved working conditions. The basic 44-hour week, and a one horizontal increase in wages, to be paid in all crafts; protection of the safety of the vessel and sanitary conditions; the elimination of all overtime, except to protect life and property; classification of the various trades to be standardized, and several other important matters, as well as providing for an adjustment board to interpret and enforce the provisions contained in the agreement. All of which are essential to the stabilizing of the industry and necessary to the protection of the workers engaged in the shipbuilding industry.

"A number of resolutions were endorsed and especially important were the following: The six-hour work day; endorsing the Moorey strike and the settling free of all political prisoners. One in support of A. E. Miller, whose membership was suspended by the Engineers' International Union.

"Industrial unionism is to be brought about within the A. F. of L., especially the metal trades.

"Improved working conditions for navy yard workers; the revision of the civil service laws pertaining to the navy yard employees.

"A number of changes were advocated in the laws of the country, but were the ones relating to representation monthly dues, and defining the duties of officers.

"In arriving at the agreement, the delegates from Washington, Oregon and California expressed separate resolutions, which later were condensed into the proposed agreement, which represents the general views of the entire membership in the shipbuilding industry of the coast.

"The consensus of opinion of the delegates is that the employers as well as the employees will be benefited mutually by establishing the conditions set forth in this agreement at the earliest time.

"A. E. COOK, President.
"H. H. COOK, Secretary."

ANTHONY CASE TO GO TO JURY SOON

FAIRFIELD, May 21.—The case of Fred C. Anthony, former superintendent of the Good Templars' Home for Orphans in Vallejo, charged with misconduct toward inmates in the institution will probably go to the jury tomorrow.

Character witnesses for Anthony are now being examined. F. H. Schulte, president of the board of directors of the orphanage, was put on the stand by the defense. He testified to having known Anthony for 21 years and regarded him as a man of high character. Corporal punishment, lightly administered was permitted in the institution he declared.

Mrs. Nellie Brennan, a matron, offered similar testimony. She affirmed that "she would not believe the children who testified against Anthony under oath." Other witnesses are being called to the stand to testify on behalf of the accused man today.

FLIGHT IS DENIED.

PARIS, May 21.—A statement appearing in one of the Paris morning newspapers today to the effect that Mrs. Wilson, wife of the President, had made a trip yesterday in an airplane over Versailles and its suburbs. This statement was authoritatively denied at President Wilson's residence.

Peptiron is a remarkably effective, agreeable and easily assimilated combination of pepsin, nux, iron, celery and other great tonics and digestives. Good for the prostration following the grip and other epidemics, paleness, nervousness, nervous prostration, neuralgia, nervous dyspepsia, sleeplessness. One or two Peptiron after meals (see the economy?) do the work.

Everybody Should Hear the Marvelous Duo-Art

We cordially invite everybody to acquaint themselves with the DUO-ART Piano. It is a marvelous instrument and is assuredly the Player of the future.

First of all it is a Piano to be played in the usual manner, by hand from the keyboard—a Stroud, a Steck, Weber or Steinway—it may either be an upright or a grand (in the Stroud, upright only).

Secondly, it is the finest of Player Instruments—any Player Roll may be inserted and one may play according to his or her own interpretation *anything in music*.

But, most wonderful of all, the Duo-Art is a Reproducing instrument. Inserting a Duo-Art Roll, one sits meditatively drinking in the beauties of the finest musical masterpieces played by the greatest pianists of today—played just as the artist would play them in person—with all the tone coloring, with a touch as light as thistle-down and again with fingers of steel. One listens to the playing of Paderewski, Bauer, Busoni, Saint-Saens, Grainger, Gabilovitch and scores of others. Is this not marvelous?

The Duo-Art is the Piano which created a sensation at two regular concerts of the San Francisco Symphony last season.

We cordially invite you to come in and listen to the Duo-Art. You will be entertained and (we believe) you will be astonished!

"ASPIRIN" WAS TALCUM POWDER

Heavy Sentence Imposed on Manufacturer of Tablets.

(ASSOCIATED PRESS DISPATCH)
NEW YORK, December 31.—Accused of having manufactured and sold to influenza sufferers thousands of boxes of aspirin tablets, principally composed of talcum powder, Joseph M. Turkey, head of the Veranda Chemical company, of Brooklyn, was found guilty yesterday of violation of the sanitary code and sentenced to three years in prison with a fine of \$500. The sentence was the most severe ever imposed in the country for such an offense.

Boxes of 12 tablets—Bottle of 24—Bottles of 100—Also Capsules.
Aspirin is the trade mark of Bayer, Manufacturer of Monocrocin and other Salicylates

G. M. CHASE, SON OF FIRST SETTLER, DIES

George M. Chase, son of the first white man to settle in the part of Alameda county where the city of Oakland now stands, suffered a heart attack Monday evening and died. He was sitting on the porch of the home where he has lived since 1854 and which has the distinction of being the oldest residence in Oakland.

The funeral will take place tomorrow morning from a local undertaking chapel. The death of Chase marks the passing of the oldest pioneer on this side of the bay.

When the 10th Infantry came home from France last month Chase was one of the five of the original Old Guard, the parent organization formed during the Civil War days, to escort the young veterans through the streets of the city in the guard of honor.

Chase's father, Moses Chase, came to California in 1849, going to the northern mines. Shortly he abandoned the hunt for gold to locate in a forest of oak at Gibson's Point, near the foot of the Oakland ridge. He explored the creek which separates Oakland and Alameda today. He leased the site, which afterward became Clinton, now a portion of East Oakland. He was the first to market with an income of \$1000 a month was his means of livelihood.

George Chase inherited the old home at 191 East Eighth street, which in 1854 was brought to Oakland by way of the Horn.

On the death of his mother he came to California in '51 from Newburyport, Mass., where he was born in 1841, and reared by his aunt. The trip was made in the ship Ely away around Cape Horn. He completed his education in the Oakland college.

Chase's first business venture was as toll collector at the old Twelfth street bridge. Later he joined his father in the freight business. He served as copier under P. R. Borein, county recorder, and later received an appointment as deputy county treasurer under James A. Webster and Scroates Huff.

November, 1892, saw him elected county treasurer.

Chase was the first man to be inducted into Orion Lodge No. 189, I. O. O. F. He had passed all the chairs and been a representative to the grand lodge. He acted as recorder in the Ancient Order of United Workmen for 28 years, succeeding to the office of financier. He had been actively identified with Oakland Camp No. 94, Woodmen of the World, Mr. and Mrs. Chase were the last of the charter members in Brooklyn Rebekah Lodge No. 12.

Mrs. Mary Emily Williams, the well known singer, is a daughter of Chase, and lives at the old home. The children are George Moses Chase and Albert B. Chase of San Francisco.

Beginning tomorrow a whirlwind two weeks' campaign will be carried on in Alameda county to raise this section's share of the \$1,000,000 fund to construct an all-year road into Yosemite.

The drive will be conducted by the Oakland Chamber of Commerce, under the leadership of the Good Roads and Automobile committee, and by the Alameda County Automobile Trades Association.

The slogan is "We are all going to Yosemite come day or night. It is the time to make the way." It has been arranged that all subscribers will get value received in that for each \$1 there will be issued a certificate entitling the holder to admission to the national park.

The regular government charge for this privilege is \$5. The certificates will be good until used, whether presented this year, or next, or the next.

The campaign of the Chamber of Commerce has been laid out along systematic lines, all of the various businesses being covered. The following special committee chairmen have been named:

Oil stations—E. E. Parker of the Shell Company, hotels, W. O. Morgan; retail stores, Hugh P. Evans; banks, John Davidson.

The purpose of the fund is to provide a road which will permit touring into Yosemite in the winter months. It is proposed to construct a concrete road from the present state highway into the park, the road to be a part of the State system.

**Complains of Noise,
But Wants 50 Days**

REDWOOD CITY, May 21.—Walter W. Stettin, president of the Berezford Country Club, filed an application with the San Mateo County Supervisors for permission to keep fifty dogs on his country place at Alhambra.

An ordinance recently passed by the Supervisors prohibits the keeping of more than two dogs on one place without special permission. It was said at the time the ordinance was passed that the baying of dogs at the moon disturbed the slumbers of residents on the peninsula.

Simultaneously with the filing of the application, Stettin conferred with Raphael A. Harris, San Francisco merchant, in causing the arrest of J. E. Shearer on a charge of maintaining a public nuisance. Shearer is a tomato grower on the Selby estate and uses a gasoline engine in connection with a pump to obtain water.

GERMANS PREPARE NEW NOTES LIMIT TO EXPIRE TOMORROW

Associated Press summary of the definite statement that Germany will not sign the peace terms in their present form.

Statements along a somewhat similar line by President Ebert, Premier Scheidemann and other German leaders have preceded this one. Another note was sent yesterday by the German peace mission at Versailles to the secretariat of the peace conference, or tomorrow, the German representatives are expected to transmit to the allies a comprehensive statement on Germany's attitude toward the peace treaty.

What points they accept and what they desire to have modified. The fifteen-day time limit for them to make known their standpoint expires Thursday, but an extension of time has been asked by the Germans.

Premier Orlando has gone to Rome for a conference with members of his cabinet on "certain interior and foreign questions," according to a Paris despatch. It seems probable therefore that the peace terms will not be presented to the Austrian delegation before Friday when the Italian premier returns.

In view of the fact that the settlement of the Italian and Jugoslav claims to Fiume and parts of Dalmatia are still unsettled and that every effort has been made to bring about an agreement before the peace terms are laid before the Austrian peace mission, it may be assumed that Signor Orlando's trip to Rome indicates some new development in the work of adjusting the situation. Apparently Premier Orlando will at the most remain at Rome only a few hours.

SACK OF FLOUR NETS \$134,512.84

SAN FRANCISCO, May 21.—John D. McGilvray, potentate of Islam in California, has just received the famous "Shriners' Red Cross Sack of Flour," started in Islam Temple in May, 1917, by Historian Clarence F. Pratt. The sack has traveled 35,000 miles and visited fourteen states, including Ohio, Alabama, Iowa, Montana, Virginia, Wyoming, New Jersey, North Carolina, Oklahoma, Tennessee, Michigan; the flour was sold in Honolulu, twice on the Pacific Ocean, and in California, sales were held in San Francisco, Oakland, Fresno and Santa Rosa.

The sack of flour has been sold twenty-three times in fourteen states with an aggregate sale of \$134,512.84 which has been turned over to the Red Cross.

The largest sale was held by the Oklahoma Shriners, their total being \$35,675, and Islam Temple, San Francisco, second, with \$25,701.25. Oklahoma's challenge to every temple in North America to pass their high mark was never met.

The flour was booked and routed by a traveling theatrical company, and on account of the long jumps the sack had to make to accommodate the different shriners' meetings and ceremonies, it was necessary to do all the booking by telegraph from Fresno.

The sack was lost two weeks when it made the journey from Wyoming to New Jersey, but finally arrived at the Shrine Temple at Trenton one hour before the sale.

Since the first sale in May, 1917, Potentate McGilvray and Historian Pratt have spent on an average of one hour per day watching and planning the different sales of the sack.

At Honolulu, the Island Shriners wove a lullaby covering around the commercial covering of the flour; Alameda, Montana, the nobles of Algeria, Algeria, the nobles of the Pacific Ocean, and the Honolulu covering; at Butte, Montana, Bagdad Temple made a copper fez and hand out of native copper. The Oklahoma Shriners built a miniature oil derrick of tin and nickel and placed it over all the other coverings.

The "Shriners' Red Cross Sack of Flour" excelled the famous Gridley Civil War sack of flour in two ways. Mark Twain said that Gridley's largest sack was \$40,000 at Virginia City, Nevada, while Oklahoma Shriners more than doubled the Virginia City sale. Gridley's sack traveled 15,000 miles, while the Shriners' sack traveled 35,000.

Floating Cannery Destroyed by Fire

SAN PEDRO, May 21.—The floating cannery, John G. North, has been destroyed by fire off the coast of Mexico, according to word brought here today by the power schooner Rex, arriving from Mexican ports. What the total loss amounts to could not be learned.

The North was sent to Mexican waters a few weeks ago by the Van Camp Food Products Company to handle the first run of tuna in that region. It is a built-over sailing vessel and was equipped with expensive machinery.

The United States does not intend to permit any of its agents to interfere with the sovereign rights of the Russian people. Our aim has been to carry out to the letter the policy of our government. There has been no interference in the internal affairs of the Russian people, and no action has been taken by the United States troops.

The policy to be followed by our troops in any country is one to be determined by the executive. "It was clearly announced in the most public and solemn manner that the United States does not intend to permit any of its agents to interfere with the sovereign rights of the Russian people. Our aim has been to carry out to the letter the policy of our government. There has been no interference in the internal affairs of the Russian people, and no action has been taken by the United States troops.

U.S. POLICY IN SIBERIA IS NOT INTERFERENCE

VLADIVOSTOK, April 30.—(Correspondence of the Associated Press)—Major General William S. Graves, commander of the American expeditionary forces in Siberia, has sent a message to his troops in which he declares that the American policy in Russia is the same today as when its proclamation at the time of sending the American forces to Siberia.

The message is entitled "Our Duty in Siberia." In it Major-General Graves says:

"The policy to be followed by our troops in any country is one to be determined by the executive. "It was clearly announced in the most public and solemn manner that the United States does not intend to permit any of its agents to interfere with the sovereign rights of the Russian people. Our aim has been to carry out to the letter the policy of our government. There has been no interference in the internal affairs of the Russian people, and no action has been taken by the United States troops.

TRIBAL BANNERS WILL BE SHOWN

A reproduction of the original tribal banners of the twelve tribes of Israel will be carried in procession at the Jerusalem Pageant to be given at the Civic Auditorium, San Francisco, Saturday night. The banners are copies made from early Hebrew drawings, and are painted upon the skins of animals as were the originals. This is the first time, as far as is known, that the banners of Israel will be shown in pageant. Another novel feature of the celebration will be a faithful portrayal of the first Hanukkah, or Festival of Lights, which celebrated the deliverance of Jerusalem from the heathen Antiochus by Judas Maccabeus in 164 B. C. The pageant is a copyrighted production by Charles E. Sedgwick, under whose direction it will be staged by the British societies and their American friends. Ruber Rinder, cantor of Temple Emanuel E. I. will direct the Hebrew music, while Madam Orin Murray will lead the singing of the anthems.

MISSING MAN FOUND.
STOCKTON, May 21.—Joe Giamelli Jr., Stockton business man, lost in the mountains near Pine Crest, Tuolumne county, wandered into lumber camp No. 26 in that county this morning in a dazed condition, but otherwise none the worse. Giamelli, who had been in poor health, had left camp Sunday morning and searchers had feared for his safety.

PETERSEN TO BE MEMORIAL DAY GRAND MARSHAL

W. J. Petersen, captain of detectives of the Oakland police force, and lately returned from France, where he served as captain in a regiment of artillery recruited by himself from this city, has been appointed grand marshal of the Memorial Day parade.

Immediately after his appointment, he issued a request that all lodges, organizations and stores wishing to participate in the parade would communicate with him and receive orders for the march.

The parade will assemble on Clay street between Eighth and Fourteenth streets. After a short march up Broadway the paraders will take Broadway cars and go to the cemetery, where they will escort the Grand Army veterans to the Grand Army plot.

It is planned to have every soldier and sailor in Oakland present and a part of the Grand Army escort.

Oakland Man on Death List of War

Private John H. Jordan, next of kin George Jordan, 2230 Fifty-seventh avenue, is listed among the casualties announced by the war department today as having died of wounds received in action.

Private Frank Polansky of Los Angeles, who was previously reported wounded, with the degree undetermined, is now listed as killed in action.

Berkeley Belle Announces Her Betrothal

Betrothal cards received by East-bay friends formally announce the engagement of Miss Fay Watson and George Roeth Jr., both of Berkeley and graduates of the class of 1915, University of California. To a group of her most intimate friends the bride-elect told the interesting bit of news Saturday afternoon when she entertained for Miss Louise Bonner, who is soon to leave for the East, and Miss Katherine Ashley who will sail for Honolulu for the summer.

Miss Watson is the daughter of Mrs. Elsie Watson of Hillgard street, Berkeley, and is a member of the Delta Delta Delta sorority and the University honor society. The guest of honor will be Miss Louise Bonner, who is soon to leave for the East, and Miss Katherine Ashley who will sail for Honolulu for the summer.

Her fiancé is a son of Mr. and Mrs. George Roeth of the College city and a brother of Miss Guelielma Roeth, who also was a student of the State university. Mr. Roeth is a member of the Phi Sigma Kappa fraternity. There is no date set for the wedding.

The school set is to enjoy the hospitality of Miss Virginia Parcells Friday evening at a dancing party which the hostess will give for her classmates in high school. The guest of honor will be Miss Maude Neighbor, who is to leave soon for Portland, Ore., where she is to take up her residence. Miss Rosabud Lane will spend a good deal of their time in the direction of Walter Byner, instructor in aviation at the University of California, before the demobilization of the camp.

SOCIETY INTERESTED IN COMMENDATION.
An out-door affair at the University of California, May 26, at 3 p. m., will interest many of the smart set, is the observance of the centenary of Walt Whitman. The place is to be announced later.

The commemoration is to be under the direction of Walter Byner, instructor in English. Among the prominent speakers are to be John Brakine, Scott Wood and John Cooper Powys.

Readings from the verse of Whitman will be by Walter Byner, Samuel J. Hume and C. D. Von Neumeier.

General and Mrs. Oscar Fitzalan Long recently purchased a ranch near Ukiah, and this summer they will spend a good deal of their time in that section of the state. The attractive place will be the center of a number of interesting house parties over the week-end.

Farewells were said last week to Mr. and Mrs. Walter Van Dyke and their little daughter, who have gone to Los Angeles to make their home. The early part of June Mrs. Clarence Minor Goodall expects to go south to visit her son-in-law and daughter.

WEDDING DATE SET FOR JUNE 10.
June 10 is the date set for the marriage of Miss Beatrice Simpson and Daniel Volman. The ceremony will be performed at the home of the bride-elect's parents in this city. The future home of the couple is to be in San Francisco.

Mr. and Mrs. Randolph Nickerson have given up their apartments in Berkeley and are residing at the home of Mr. and Mrs. E. A. Nickerson on Tunnel road. Nickerson was

MRS. ROBERT SHARON.
one of the most popular of the younger matrons, who with her husband has gone to Portland, Ore., to make her home. Mr. Sharon's business interests are now in the northern country.—Webster Photo.

ALAMEDANS HOME FROM WAR SERVICE

ALAMEDA, May 21.—John S. Byrnes of 1319 Pearl street, son of Mr. and Mrs. John Byrnes, is back from overseas service. He saw much heavy fighting and his division sustained some of the heaviest American losses of the war.

John P. Shipman, Pacific coast shoemaker of 811 Laurel street, who went to France with a Camp Keeney machine gun detachment, is at Camp Stevens, Massachusetts, and will be on the coast and out of service in the near future. He is to visit several of the big shoe plants in New England before returning to California.

Edward Thompson, son of Mr. Mrs. Joseph Thompson, of 2029 San Antonio avenue, is home from overseas. Donald Whittier of 2065 Clinton avenue, who enlisted early in the war, is out of service. He is at his home.

Carl Pola, who made seven trips across the Atlantic on the United States ship Moncalm, formerly a Pacific ocean liner, is discharged from service.

Chapman Re-Elected by Bar Association

Attorney M. C. Chapman was chosen president of the Alameda County Bar Association for the eleventh consecutive term, at the annual meeting in the Hotel Oakland last night and Frank Mitchell Jr. was chosen vice-president. Christopher Fox, secretary, and David Oliphant treasurer.

The session was addressed by Justices Henry A. Melvin, William H. Langdon, Thomas E. Haven and Frank S. Brittain. Justice Warren Olney, recently appointed to the State Supreme Court, was a guest of honor, and the meeting was attended by the leading attorneys of Alameda county.

Hawaiian Fiesta to Be Held on May 29

The Covenant club, on Thursday night, May 29, will hold a Hawaiian fiesta at Covenant hall, Temple Street, at which girls in costume will render a program of native music and dances. A Hawaiian orchestra will provide inspiration for the dance that will follow the program, and the hall will be decorated to provide the atmosphere.

Dr. Harvey P. Franklin will lecture on the Hawaiian Islands, telling the incidents of his recent travels there, and the lecture will be illustrated with views he collected.

Auto Climbs Summit in Trip to Tahoe

DONNER, May 21.—For the first time this year an automobile was driven over the summit of the Automobile-Trail highway yesterday. The owner of the car was J. J. Morrison, en route from Porterville to his home in Montana. Morrison was compelled to dig through many drifts and was two days in making the trip.

FOWNES KID FITTING SILK GLOVES

The proof that silk gloves can be smart, kid-fitting, and durable is yours, if you secure Fownes. Care and quality in every pair. Try them!

Double-tipped.
For men, women and children.

Seasonable shades. At shops everywhere.

High School Advantages Shown Elementary Graduates Go Visiting

"What the High Schools Have to Offer You" is the title of a new pamphlet which has just been printed and issued by the Board of Education for distribution among the eighth grade graduating classes in all the elementary schools of Oakland.

The pamphlet contains a summary of all of the different courses and subjects taught in the five Oakland high schools with particular reference to the vocations for which they prepare young men and women. It contains thirty-two pages of material designed to interest students just finishing the elementary schools. It shows just what practical training for useful life work can be secured in the secondary schools and has for its purpose keeping boys and girls in school, giving them an understanding of the courses which will best train them for earning a livelihood, and inspiring them to become more useful citizens.

WILL VISIT HIGH SCHOOL.
It is designed to help bridge the gap that has formerly existed between the elementary schools and high schools. During the next two weeks the pamphlet is to be studied by all of the eighth-grade classes which are to graduate in June. During this time the students are to decide the kind of vocational training in which they are most interested and are to select the high school giving this line of work which they desire to visit.

Thursday, June 5, will be visiting day in all of the high schools when each of the eighth grade graduates will spend a day in one of the high schools visiting the classes which offer practical training. The elementary school graduates will be taken in large groups on a tour of the high schools, which will be in charge of committees of teachers appointed by the principals.

The bulletin contains a foreword from Fred M. Hunter, superintendent of Schools, in which he emphasizes the need for universal vocational training for citizenship. H. C. Capwell, president of the Oakland Chamber of Commerce, has given the elementary school students some advice on the value of a high school education.

NEED STRAIGHT THINKERS.
In his message Capwell says: "The future welfare of America depends upon straight thinking by her people. The larger the percentage of citizens capable of thinking, the surer we are of meeting and solving the great problems of this year, and many years to come. Education leads to straight thinking and mental stabilization. The man or woman of the immediate future who cannot appreciate the fact that there is a new spirit in the world will suffer. Ability to intelligently consider and dispose of the vicious doctrines sure to be preached is vitally necessary to all of us. New standards of living have come to us, and to the extent that we are capable of meeting them we are to enjoy them. A high school education will not only add to the earning capacity of the one possessing it but insure ideals that mean a just and happy living."

S. J. Donahue, chairman of community co-operative council, sends a tabulation of figures showing the boys and girls of Oakland that it pays to stay in school.

JOHNSON-BALKED IN TREATY FIGHT

WASHINGTON, May 21.—Senator Johnson of California, Republican, in an unsuccessful effort to secure immediate consideration for the Senate resolution calling upon the State department to furnish the Senate with a copy of the full text of the peace treaty but on objection from the Democratic side the resolution was overruled.

Falling in this attempt, the California senator renewed efforts begun at last session to secure immediate action on his resolution calling on the State department for a declaration of policy of the United States in Russia but this also was defeated by Democratic objection.

Senator Johnson's resolution, passed last session, was to be taken up with the \$500 regular troops now being recruited for Siberian duty.

BENEFIT PARTY AT CHURCH.
A benefit party for the benefit of St. Leo's church will be held at the Court hall, Forty-first and Piedmont avenues, Tuesday evening, May 27. In addition to what there will be entertainment features, followed by dancing.

ing it but insure ideals that mean a just and happy living."

GRAND OPENING SALE

MASTER TAILORING STRICTLY TOP-NOTCH PROPOSITION

THREE BIG DAYS: THURSDAY, FRIDAY, SATURDAY

GENTLEMEN:

This GRAND OPENING SALE is of tremendous significance—unparalleled in the annals of custom tailoring in this city. It's an event which happens only about once in a life-time. "A clean—clearly defined proposition"—emanating from an unquestionably reliable source, and will be backed up in so whole-hearted a manner that every vestige of skepticism will be routed. An offer too good to be true if you did not know the reputation of the concern making it.

WE COULD HAVE A GOLD MINE under the counters of our shop ready to distribute its wealth to all humanity—but it would do humanity no good were we to keep its existence a solemn secret—you don't need to go to the Oakland grill for crackers and milk—and if you are satisfied with just clothing without regard to authentic style and workmanship—"clothes like crackers and milk," are common enough. But master tailoring is not found on every corner—or in every shop where a tape line is displayed.

ALL OUR \$60 SUITS TAILORED TO MEASURE \$49

These woollens were selected for our most exclusive trade; for men who demand ultra quality and master tailoring. Our regular price for these woollens is \$60 for a suit tailored to measure—and to brag about the honesty and elegance of these materials would be like boasting we don't pick pockets. We carefully considered the offering of the World's Leading Woollens factory with a set of specifications for every yard, more exacting than the most critical patron could formulate. We demanded even texture, staple color and all pure wool. No matter what pattern or weave you may have in mind, you will immediately see it here represented, and bear in mind it will be strictly tailored to your measure, lined with the very choicest quality of inner linings as though you were paying our full price, \$60.

ALL OUR \$50 SUITS TAILORED TO MEASURE \$38

This same identical grade of high-grade woollens were bought to sell for \$50. You are absolutely and unfailingly guaranteed to receive the highest degree of satisfaction were you to pay us our regular price. A handsome tailored garment cut and tailored to your measure at this tremendously low price is undoubtedly the strongest and boldest offer we ever made. Our cutters are past masters—no matter what style you prefer, one price covers all. Same high-grade lining and workmanship without any deviation in the slightest degree from our usual high standard of workmanship. We employ master journeymen whose state-wide reputations for fine needlework—which must be sustained—and only under extraordinary circumstances can an offer of this kind be made.

WORLD STRIKE OF WOMEN IF ANOTHER WAR?

By RUDOLPH KOMMER,
United Press Staff Correspondent.

ZURICH, May 18.—The International Congress of Women voted unanimously at its concluding session today to call a world-wide strike of women in event another war is declared.

The proposal was made by Frau Hertzka, a delegate from Vienna. It was carried after an amendment had been added providing that the strike should be called even if the war was sanctioned by the league of nations.

The conference also resolved to send a delegation to the meeting of the International Socialist executive committee at Luzerne in August to ask that all Socialists refuse military service in case of a new war.

DR. J. J. ADAMS, president of the conference, was nominated to submit these resolutions to the peace conference. It included Mrs. Despard of Great Britain, Mme. Ragaz of Switzerland and Signora Gennoni of Italy.

Mrs. Despard, a sister of Lord French, introduced a resolution demanding representation for women in the league of nations and proposed Miss Jane Addams of Chicago as the first woman representative. The resolution was adopted unanimously.

Miss Addams, in an interview with the United Press, expressed deep satisfaction with the work of the conference.

"The intensity of spirit and unity is most gratifying," she said. "The discussion proceeded without any wrangling, wild talk or irresponsible scheming. The moderation of the women's demands, their political insight and sense of realities was surprising. Woman's claim to political partnership with man was justified."

"The most important political features were protests against the peace terms, against the economic blockade and against armed intervention in Russia and Hungary."

"LIBERALS DISILLUSIONED."

"As an American I keenly feel the present disillusionment of European liberals and pacifists in regard to realization of President Wilson's program. It is hard to explain to Europeans that the President did not come to Paris as a dictator. European mentality is still obsessed with the idea of a victor and a vanquished, and even the liberals expected Wilson to throw America's material strength into the balance, instead of employing only the force of ideas. They also criticize inclusion of the Monroe doctrine in the league covenant, forgetting that Wilson is not even an American dictator. We Americans in Europe are constantly explaining."

Friday night the Lutheran young people of the whole bay district will be entertained at St. Paul's church, Tenth and Grove streets. This is an initial get-together, get acquainted meeting which, it is expected, will result in the organization of a district Lutheran League. Rev. E. A. Trubert of St. Michael's English Lutheran church, who is connected with the executive board of the National Lutheran League, will deliver an address.

UNITED PRESBYTERIAN.

Dr. James F. Ross, pastor of the First United Presbyterian church at College avenue and Harwood streets, left for a day on a business trip. The objective point being the United Presbyterian General Assembly at Alton, N. H.

Dr. Ross will be in the pulpit but there will be no evening service. Next Sunday's service will be Rev. O. P. Bell, who was attached to the Russian Expeditionary force in France.

PLYMOUTH CENTER NOTES.

A country school will be held Friday evening at Plymouth Congregational church under the auspices of the C. E. society. There will be variety of songs under the direction of the Athenian Club, the Girls' Dramatic Club, the Senior Boys, the "O. C. C." and the usual country fair attractions. The affair will partake of the nature of a social event, and the help of the young people will be offered to the building fund.

A weekly child welfare hour will be held at the Plymouth center. Mothers with children will be examined every Tuesday afternoon with Dr. Mary Powell as the speaker. The following is the program arranged for other Tuesday evenings of the coming month:

May 27—Dr. Daniel Crosby, city health officer.

June 3—Mrs. Everett J. Brown and Mrs. Angie H. Webster.

June 10—Dr. Hester M. Sutherland and Miss Mollie Connor.

June 17—Dr. Edna Watson Bailey, chairman Alameda County Year Committee, and Mrs. F. C. Turner.

SCHOOL OF RELIGION.

The Pacific School of Religion will hold its graduation exercises Thursday at the First Congregational church, Oakland. Miss Helen Corbett will receive the degree of Doctor of Divinity and will have the distinction of being the only woman in the graduating class. Miss Corbett is in leave of absence from the Pacific School of Religion, which she will inaugurate next social service work at the American Board of Foreign Missions at Guadalajara.

CHRISTIAN CONVENTION.

The Bay District Convention of Christian Churches and Missionary Societies had an all-day session Tuesday at the South Berkeley church.

At the morning session addresses were made by Rev. W. P. Bentley of Berkeley, Rev. C. J. Jones of Alameda, Rev. C. W. Reynolds, secretary of the Bay District, and Rev. G. W. Brewster Jr., state field secretary. The officers elected for the coming year are: Dr. Riddon of San Francisco, president; Dr. C. J. Jones, secretary; Dr. R. H. Jones, treasurer; Dr. W. P. Bentley, secretary of the convention; Rev. C. W. Reynolds, Berkeley, State Bible School secretary, and Rev. H. A. Van Winkle, state pastoral counselor of the Christian Church in California.

The afternoon session was in charge of the Woman's Christian Missionary Society, which delivered an address of great educational value, relating his observations while a war worker in Siberia.

The Christian Endeavorers had charge of the evening session, with Rev. H. A. Van Winkle as toastmaster. The banquet table, other speakers on the program were Miss Irene Joseph, Mrs. Clarence Martin, Mrs. F. C. Hodges, Mrs. Houston, Miss Mabel Worth, San Francisco; Miss Blanch Riddick, San Francisco; George W. Reynolds, Berkeley; State Bible School secretary, and Rev. H. A. Van Winkle, state pastoral counselor of the convention was to work for the state convention to be held in the tabernacle at Santa Cruz in July.

WILL GIVE PROGRAM.

The Alumnal Association of Temple Street is about to give a program at the Alumnal hall theater, Twenty-eighth and Webster streets, Thursday night at 8 o'clock. The program consists of interpretive dances by Miss Rosebud Lane and her pupils, live reels of motion pictures, "Enoch Arden" featuring Lillian Gish and Wallace Reid and a comedy, "Preparedness." Following the program there will be dancing and refreshments.

CUTICURA HEALS ECZEMA ON FACE.

And Ears, In Pimples, Very Painful, Itched Terribly and Burned.

"I had eczema very badly. It started in pimples on my face and ears, and it got so bad that it went into my hair. The pimples were large, red, and hard, and very painful. They itched terribly and burned as bad as fire, and by scratching them they spread."

"It was about five months when my mother got Cuticura, and I used three cakes of Cuticura Soap with three boxes of Cuticura Ointment when I was healed." (Signed) Miss Gertrude Kimes, Forestville, Cal.

Cuticura Soap, Ointment and Talcum are ideal for daily toilet uses.

Sample Each Free by Mail. Address post-card: "Cuticura, Dept. H. Keaton." Sold everywhere. Soap 10c. Ointment 15c and 50c. Talcum 25c.

AUTO TOURISTS FROM EAST PUT ON WRONG ROAD.

PLACERVILLE, May 21.—That an unfair method is practiced to divert motor travel at Ogden from the Lincoln Highway to San Francisco, to the old Spanish trail for Los Angeles is the assertion of a party of tourists arriving in Placerville today. It is said the tourist travel west bound is the largest of record, and that many are misled to Los Angeles instead of to San Francisco.

Assessment Values Increased This Year.

Farm properties and stocks of merchandise will be subjected to an increased assessment valuation this year, according to announcements by County Assessor L. H. Clay. The assessor and a number of leading merchants recently held a conference for the purpose of arriving at a system of arriving at valuations for assessment purposes of the stocks in the stores, at which it was agreed that the merchants would make a statement of the actual value of stocks on hand, which would be subject to an agreed discount. In the past, it was explained, the merchants were allowed to arrive at their own figures on valuation, with the result that inequalities developed. The new system will insure equality of assessment and increase the county revenue, it is expected.

The assessor takes the view that farm property and produce has greatly increased in value and that stand a considerably increased assessment rating.

Funeral Service for Mrs. R. B. Henderson.

SAN FRANCISCO, May 21.—The funeral of Mrs. Louise McCormick Henderson, widow of Robert T. Henderson, treasurer and general manager of the Portland Cement Company, and daughter of Ernest O. McCormick, vice-president of the Southern Pacific railroad, will be held this afternoon from the McCormick residence, 2015 Broadway. Her death Monday night followed a long illness. Mrs. Henderson is survived by her husband, an infant son and her parents.

Mrs. Henderson was prominent in the alumnae of Morrison and Dobbs' Ferry schools. Her marriage in 1911 was a notable social event.

St. Joseph's Athletic Club to Give Party.

Preparations have been completed for the whist party to be given by St. Joseph's Athletic club Thursday evening at the Knights of Columbus hall, Thirteenth and Grove streets. This is the second event that the club has held during its rebuilding drive, and already plans are being made for a theater party to be held at the Fulton in June. The score girls for the evening are the Misses Kathryn Mullen, Alice Rappold, Rose Brady, Delphine Kenney, Grace Le Fevre, Pauline May, Gertrude Fenelon, Viola Fenelon, Ruth Oederstadt, Catherine Higgins, Margaret Higgins, Nana Jordan, Mary Brady, Elizabeth Stevens and Elizabeth Walsh. Geo. V. Nolan will preside as chairman.

One Cause of a Bad Complexion—the Remedy.

"Look at a section of skin under the microscope and you will readily understand why cosmetic surgery is the complexion," says a well known physician. "The skin, smooth as it is, is covered with a vast number of mouths of myriads of little glands. To keep the pores, the hair follicles and the skin, moist, healthy, youthful and natural, oil can be freed out. Should the pores be blocked with grime, gritty particles, the result of using powders and creams, nature retaliates by causing a rash, pimples, eruptions, blotches, etc."

"As a substitute for all cosmetics I recommend ordinary vasoline wax. It not only does what the various face preparations are supposed to accomplish but its peculiar absorbent action keeps the pores from the daily accumulation of impurities, also absorbing the devitalized particles of surface skin. This produces a natural, healthy, youthful complexion. One ounce of this wax, to be had at any drug store, usually suffices to rejuvenate the poorest complexion. It is put on nightly like cold cream and washed off mornings."

DRYS EXPECTED WILSON'S ACTION

Prohibitionists of Northern California expected President Wilson to take the attitude he did toward the war-time prohibition measure, according to S. P. Meads, one of the Oakland members of the prohibition headquarters committee of Northern California. In a statement Meads says:

"The action of the president in recommending the repeal of the dry law enacted by Congress is what we prohibitionists expected. The law was passed against his wish. His opposition caused congress to change the date of its going into effect to July 1."

"Had it not been for the President's opposition every saloon in the United States would have been closed nearly four months ago. The saloons of Oakland would have shut up shop on February 1, undesirable characters would not have flocked to Oakland from 23 prohibition states and The TRIBUNE would not have been obliged to confess that 'There never was in the history of Oakland so much insecurity from the highwayman, housebreaker, bandit and petty thief as at present.'"

"The Rainier Brewery's strenuous fight against the law along Broadway" will be short-lived. It isn't very likely that a law passed by congress in the teeth of the opposition of President Wilson will be promptly repealed at his simple suggestion. Congress has two reasons now for maintaining the prohibition law, where originally it had one for passing it. Forty-six out of forty-eight states have practically approved the law (the combined vote of the legislature of Connecticut gave 51 majority for ratification).

"Woodrow Wilson is to be highly commended in a multitude of respects. He is a great man, but when a boy I wrote many times in my copybook the proverb 'Great men arise not always wise.' The people of this country will never accept the brewers' wine-and-beer temperance and congress will not repeal its law."

DRUG CONVENTION MEETS NEXT WEEK

Drug store owners, drug clerks, teachers of pharmacy, and wholesale drug traveling salesmen who are members of the California Pharmaceutical Association will meet in San Francisco for their annual convention May 27, 28 and 29. Headquarters will be at the Hotel Whitecomb, while the business sessions will be in San Francisco's civic auditorium.

The stamp tax and prohibition restrictions placed on the drug trade as war emergencies will be brought up for consideration at the convention. Entertainment programs are to be arranged by the San Francisco ladies' auxiliary of the association and by the "Brain-ferries," a secret order of druggists.

Exhibits of chemical and drug products are being arranged to be held in the hotel headquarters by the committee of arrangements composed of A. J. Neve, K. E. Hoveman, D. R. Rees, W. Gierlich, W. S. Quinn, L. M. Aguirre and J. W. Casselman.

A symposium on action by the faculty of the University of California College of Pharmacy will be a feature of one of the sessions of the convention to be held at the college.

More Time Sought in Insanity Hearing

Frances Alethea Head, lecturer, writer and actress, who was last Friday committed to Agnew Hospital for the Insane from the Oakland Receiving Hospital, has asked for an extension of time for the beginning of her trial on appeal before a jury, to enable her to secure evidence from New York establishing her claim that she is still the lawful wife of Robert T. Head, architect of Washington, D. C., because of irregularities in their divorce decree.

Mrs. Marguerite Head Jr., of Fruitvale, her daughter-in-law, who was complaining witness in the matter, denies that she caused her mother-in-law's examination on an insanity charge in San Francisco recently, as the defendant has stated, and declares she is actuated only by kindly motives in trying to secure treatment for Mrs. Head's condition.

DRYS EXPECTED WILSON'S ACTION

Prohibitionists of Northern California expected President Wilson to take the attitude he did toward the war-time prohibition measure, according to S. P. Meads, one of the Oakland members of the prohibition headquarters committee of Northern California. In a statement Meads says:

"The action of the president in recommending the repeal of the dry law enacted by Congress is what we prohibitionists expected. The law was passed against his wish. His opposition caused congress to change the date of its going into effect to July 1."

"Had it not been for the President's opposition every saloon in the United States would have been closed nearly four months ago. The saloons of Oakland would have shut up shop on February 1, undesirable characters would not have flocked to Oakland from 23 prohibition states and The TRIBUNE would not have been obliged to confess that 'There never was in the history of Oakland so much insecurity from the highwayman, housebreaker, bandit and petty thief as at present.'"

"The Rainier Brewery's strenuous fight against the law along Broadway" will be short-lived. It isn't very likely that a law passed by congress in the teeth of the opposition of President Wilson will be promptly repealed at his simple suggestion. Congress has two reasons now for maintaining the prohibition law, where originally it had one for passing it. Forty-six out of forty-eight states have practically approved the law (the combined vote of the legislature of Connecticut gave 51 majority for ratification).

"Woodrow Wilson is to be highly commended in a multitude of respects. He is a great man, but when a boy I wrote many times in my copybook the proverb 'Great men arise not always wise.' The people of this country will never accept the brewers' wine-and-beer temperance and congress will not repeal its law."

DRUG CONVENTION MEETS NEXT WEEK

Drug store owners, drug clerks, teachers of pharmacy, and wholesale drug traveling salesmen who are members of the California Pharmaceutical Association will meet in San Francisco for their annual convention May 27, 28 and 29. Headquarters will be at the Hotel Whitecomb, while the business sessions will be in San Francisco's civic auditorium.

The stamp tax and prohibition restrictions placed on the drug trade as war emergencies will be brought up for consideration at the convention. Entertainment programs are to be arranged by the San Francisco ladies' auxiliary of the association and by the "Brain-ferries," a secret order of druggists.

Exhibits of chemical and drug products are being arranged to be held in the hotel headquarters by the committee of arrangements composed of A. J. Neve, K. E. Hoveman, D. R. Rees, W. Gierlich, W. S. Quinn, L. M. Aguirre and J. W. Casselman.

A symposium on action by the faculty of the University of California College of Pharmacy will be a feature of one of the sessions of the convention to be held at the college.

More Time Sought in Insanity Hearing

Frances Alethea Head, lecturer, writer and actress, who was last Friday committed to Agnew Hospital for the Insane from the Oakland Receiving Hospital, has asked for an extension of time for the beginning of her trial on appeal before a jury, to enable her to secure evidence from New York establishing her claim that she is still the lawful wife of Robert T. Head, architect of Washington, D. C., because of irregularities in their divorce decree.

Mrs. Marguerite Head Jr., of Fruitvale, her daughter-in-law, who was complaining witness in the matter, denies that she caused her mother-in-law's examination on an insanity charge in San Francisco recently, as the defendant has stated, and declares she is actuated only by kindly motives in trying to secure treatment for Mrs. Head's condition.

There is always "something added" to a hero story when the deed of heroism involves the saving of life for the sole purpose of saving another's life.

The heroism of the man who single-handedly captures a whole machine gun battery is inspiring. The bravery of the captain or lieutenant who leads his men across a fire-swept field and successfully storms the enemy's trench is something to thrill the heart. But the story of a man who throws self and all self-interest before the wheel of fortune and is willing to take a chance of losing all to save it for some one else, not only inspires and thrills, but touches a spot somewhere or other down in the innermost corner of the heart where men feel keenest.

In an action near Varennes, France, on September 26, 1918, the American tanks were ordered forward to clear out German machine gun nests preparatory to an advance by the infantry. The

Series: The Little Story

(By HOWARD R. GARIS)

"What are you going to do today, Uncle Wiggle?" asked Baby Buntly, who was sitting on a bench at the side of a hollow stump bungalow one morning.

"Oh, I'm going to take a little hop through the woods, and perhaps call on Grandfather Goosey later to see if he is well again, after having had a little rest in his bed," spoke Mr. Longears.

"Oh, dear," sighed Baby Buntly, the little rabbit girl, who was hidden in a yellow stump until Uncle Wiggle found her.

"What's the matter?" asked the rabbit gentleman. "Didn't I hop around enough to stir you when I was looking for my glasses and they were on top of my head all the while?"

"Oh, you hoped enough, and you epreed your stiffness," said Baby Buntly, who told you that story last night. If you will kindly remember, 'What if you are going to the woods,' said the little girl, 'can't you take me for a picnic? I haven't had a picnic in ever so long.'"

"Oh, no! So you want a picnic?" laughed Uncle Wiggle. "Well, I guess we might have one. Tell Nurse Jane to make some carrot sandwiches, and some turnip floppovers, and a few lettuce leaf cream cones, and we'll all go in the woods and have a picnic."

"Oh, goodie! Oh, joy!" cried Baby Buntly, and she clapped her paws together and tried to make her teeny teeny pink nose twinkle as Uncle Wiggle made his. But, of course, it wasn't the same.

In a little while Nurse Jane had put up a nice lunch in a birch bark basket, and Uncle Wiggle and Baby Buntly started to hop through the woods.

"Oh, there goes little Buntly," the squirrel boy, and his brother Jumble is with him," suddenly called the baby rabbit after a while. "May they come to our picnic?"

"Surely," answered Uncle Wiggle. And after that he and Baby Buntly saw Lulu, Jimmie and Alice Wibble, the ducks, and Jackie and Freddie Waw, the piggy dog boys, and Nannie and Billie Varnal, the goats.

"Bring them all to our picnic!" invited Uncle Wiggle. "We have lunch enough for all." So all the animal children went to Baby Buntly's picnic. Under a tree, on a carpet of green moss, with a fringe of ferns about it, and using toaststools for seats, the rabbit gentleman and Baby Buntly and their friends started the picnic. They had carrot sandwiches, lettuce cakes, turnip jumarounds and cabbage cookies.

"This is a jolly picnic," said everybody. "I'm glad you like it," spoke Baby Buntly.

And then, all of a sudden, Jackie Bow Waw gave a soft little bark, and said to Baby Buntly:

"Look! Uncle Wiggle is going to sleep. We can't have any fun at this picnic if he goes to sleep! He ought to play games with us, make whistles from the willow tree and all things like that."

"Yes," said Baby Buntly, "so he ought. Oh, dear! I wish Uncle Wiggle wouldn't go to sleep after he eats! But he almost always does, and late, except at home. I guess he is getting old and stiff."

"Can't you make him wake up and be more lively?" asked Lulu Wibblewobble, as she helped a little ant lady lift some carrot bread crumbs over a fallen leaf.

"I'll try," said Baby Buntly. "A picnic isn't any fun unless you play games. And Uncle Wiggle is going to sleep all the while we can't play games with him. Now just watch me!"

Baby Buntly slipped up behind Uncle Wiggle, and taking a long green fern leaf, she softly tickled the bunny rabbit in one of his ears.

"A-ker-choo! Goo-zee-zum!" suddenly sneezed the bunny.

"He's waking up!" quacked Jimmie the duck.

"Hush!" whispered Baby Buntly. Then she tickled the rabbit gentleman on his other ear.

"Wo-hoo! Zoop! Zing!" gasped Uncle Wiggle.

"Oh, he's getting real excited!" laughed Freddie Waw.

Then she took a soft piece of grass and she let it tickle gently over Uncle Wiggle's pink nose, which never twinkled when he was asleep. All of a sudden the bunny rabbit gentleman

"Oh, zips! Doodle-de-coddee! Gurr! Waw-zup!" And he sneezed and sneezed his eyes and got up and said: "Is anything the matter?"

"Oh, no," answered Baby Buntly, sweetly. "I'm just happy to play some games with you, that's all."

"Play games?" Of course. I play from that time. I have kept only my personal papers in it, nothing pertaining to the government. I'll begin with that, I think."

She walked to the bookcases and pulled at one of the sections, which opened, disclosing behind it the little wall safe from which long ago I had seen her take the cherished hidden picture of her little daughter. She looked over the contents of the safe carefully, then turned to us, her face white.

"Either some one else has learned of this or Betty has been in this room since I left, and must have had a duplicate key. The things in here aren't at all as they were. They've been thoroughly ransacked, evidently by some one in search of something special."

There are women to whom, any sudden terrible happening means either a fainting spell or a fit of hysteria. There are others who, when confronted with an emergency, no matter how awful, nerve themselves to meet it, and serving their tremors for a time when there's no more need of their brain and spirit.

Lillian Underwood is one of the latter kind of woman. Long ago, of a sort, she seemed to make even more acute her naturally quick perceptions, to electricity, as it were, her whole being. Instead of being panic-stricken at the discovery that some one had ransacked the secret wall safe in her library, evidently in search of something special, she appeared more composed than either Katherine Sonnet or I who had just returned with her to her library through the secret passage from the adjoining house.

Only the whiteness, rather the almost ashen grayness of her face, betrayed the mental strain under which she was laboring. Her voice was as composed as I had ever heard it, when, after she had turned from the wall safe, she said quietly:

"I must look up the other places now and I want you to observe them carefully. Anything might happen to me at any time, and you ought to know how to find my papers. And I might as well tell you now that if the emergency should ever arise you are to get everything from here and take it directly to—"

She put her lips first to Katherine's ear and then to mine, whispering the name mistily again. And I both start in astonishment and look at each other with a new sense of the importance of the work to which we had committed ourselves.

As proof that American modistes need no help from their Parisian sisters, when it comes to designing milady's boudoir outfits, this photograph is herewith printed. It speaks, in detail, for itself. The picture was taken in New York less than ten days ago as evidence that summer is on the way.

do with marriage. Among the many various superstitions that have been common are these:

In the middle ages it was thought that a union would not be happy if the bride party in going to church met a monk, a priest, a hare, a dog, a cat, a lizard or a snake. But all would go well if they encountered a wolf, a spider or a toad.

In old days in England the sneezing of a cat was considered a lucky omen to a woman who was to be married the next day.

It is still believed in some sections of Britain that it is exceedingly difficult for a superstition to pass into forgetfulness. This is why the following odd beliefs may still be found in some sections of the world, far from where they first came into being.

There are all sorts and conditions of omens, lucky and unlucky, that have to do with marriage. Among the many various superstitions that have been common are these:

Just Talks

EDGAR A. GUEST

THE HAPPY HOME. Put laughter into the homes of men, And joy at the little gate. And there'll be no room for the creeds of gloom.

And never a chance for hate. For a man goes wrong when his children weep.

And their song is a plaintive whine. But life's worth while, when his babies smile— Then all that he sees is fine.

Put comfort into the homes of men, And joy at the little gate. Let laughter ring and the kettles sing The songs of a happy age. And never a curse shall cross the lips Of the humblest toiler here— And never a hand shall hurt a brand At the things which we hold dear.

Take hunger out of the lives of men And fill up the cupboard bare. Let the fathers know that their children are In shoes that are fit to wear. Let the mothers smile as they toil by day And the envy and rage shall cease. For a man thinks right when his heart is light And his home is rich with peace.

The man that dwells on a patch of ground Where his children romp and play May leave them there, untouched by care And sing at his work all day. And never a vicious thought he'll think, Nor a deed of malice do. For life's worth while, if his loved ones smile.

And the flag will find him true. (Copyright, 1919, by Edgar A. Guest.) she looks into the glass after she is completely dressed before she goes to church. For this reason a glove or

some other little article is put on after the last glance has been taken at the mirror.

The British Tommies have added an historical touch to the Pool of Bethesda, of brilliant fame. Steps lead down to the pool, the water of which is at any time too clean, and on the walls, in seventy-seven different languages, is the account of the healing described in the fifth chapter of John. But one Tommy, not finding his mother tongue represented, promptly wrote out the story in Welsh. So now there are seventy-eight versions for visitors to choose from.

"Aunt Eppie Hogg, the fattest woman in three counties."

—BY FOX

YEARS AGO AUNT EPPIE DECIDED TO CUT HER OWN GRASS FOR THE EXERCISE AND SHE HAD TO HAVE A SPECIAL LAWN MOWER HANDLE MADE TO ORDER.

When You See Aunt Eppie You'll Understand Why

"WHEN YOU SEE AUNT EPPIE YOU'LL UNDERSTAND WHY."

O! DEAR!

YEARS AGO AUNT EPPIE DECIDED TO CUT HER OWN GRASS FOR THE EXERCISE AND SHE HAD TO HAVE A SPECIAL LAWN MOWER HANDLE MADE TO ORDER.

AGNEW PROBE DATE IS SET FOR JUNE 12

SAN JOSE, May 21.—Charges that patients have been cruelly treated at the Agnew state hospital for the insane, made during the recent trial of Dr. Frederick P. Webster of Oakland on an insanity charge, will be probed at a special investigation to be held by the state board of managers at Agnew, June 12, with the authorization of Governor Stephens.

A meeting of the board of managers of the hospital yesterday afternoon this date was selected and Governor Stephens, the state board of control and the state board of charities and corrections were invited to name special representatives to sit with the asylum board.

The meeting yesterday was attended by Managers T. S. Montgomery of San Jose, Dr. W. Van Dyke of San Jose, Duncan McPherson of Santa Cruz, W. L. Biehrich of San Jose, Horace Wilson of San Francisco, Dr. Leonard Stockings, medical superintendent of Agnew, and Edward J. Tyrrell of Oakland, legal representative of the state lunacy commission and Governor Stephens in this instance.

Following a letter addressed to the company by Hagan on April 5, conferences were held and in the meantime the Berkeley city council made a request for a valuation of the franchise. The valuation, should the settlement franchise be passed by the people of the bay cities, would be the price at which the cities would buy the street car lines under its terms and would also be a basis for ascertaining the partial profits to go to the cities under the franchise so long as the railroads remained under the traction company's control.

Hagan and several Berkeley officials held a conference this afternoon, and it was intimated that Berkeley will now demand the same stipulation given Oakland and that Alameda will also insist that nothing but purely physical property be included in the valuation.

OBTAINED BY HAGAN.

Hagan, in reporting the result of the conference to the members of the city council, outlined his case as follows:

"The street car company has contended before the Railroad Commission for the first time that they are entitled to a valuation not only of physical properties, but also of going concern value, value of severance damages and value of surrendered franchises.

"I may say in the first place that this is the first time that the company has contended for such a valuation. In the past, the company has contended for a valuation of physical properties only. As a result of this misleading expression, it is my belief that practically the entire proceedings to date have been based upon the theory of physical valuation only. I believe, without exception, that the company desired only a reasonable valuation of the physical properties now being used, and not a valuation of the going concern value of the railroad.

"Turning now to the provision of the charter amendments relating to the franchise, I desire to call attention to specific phraseology which, in my judgment, leads to the conclusion that a valuation of physical properties only was intended by the people when they passed the amendments.

"In subdivision 2 of section 1405 there is mention of the right of the city

Resettlement Conferences Are Held Valuation to Be Strictly Physical Bay Cities Will Join at Hearing

Following conferences between City Attorney H. L. Hagan and representatives of the San Francisco-Oakland Terminal Railways, during which the dispute between company representatives and city officials regarding "good will" and other "intangibles" being included in the resettlement franchise valuation of the railroad commission, Berkeley and Alameda were today invited to join with Oakland in the valuation proceedings. The valuation is to determine the price of the car lines should the city buy under the franchise.

The invitation was extended to the city attorneys of Berkeley and Alameda today by Hagan, together with the announcement that the company had agreed that so far as Oakland was concerned a stipulation was to be signed by the company waiving any inclusion of "good will," "value of going concern," "severance damage" or "surrender of franchises" in the valuation. In other words, that the company agrees to a strictly physical valuation as demanded by Hagan. This is the result of a conference in Hagan's office last night, attended by Hagan and W. E. Albert, general manager, and W. I. Brobeck and Charles Beardsley, attorneys for the company.

CONFERENCE ARE HELD.

Following a letter addressed to the company by Hagan on April 5, conferences were held and in the meantime the Berkeley city council made a request for a valuation of the franchise. The valuation, should the settlement franchise be passed by the people of the bay cities, would be the price at which the cities would buy the street car lines under its terms and would also be a basis for ascertaining the partial profits to go to the cities under the franchise so long as the railroads remained under the traction company's control.

Hagan and several Berkeley officials held a conference this afternoon, and it was intimated that Berkeley will now demand the same stipulation given Oakland and that Alameda will also insist that nothing but purely physical property be included in the valuation.

OBTAINED BY HAGAN.

Hagan, in reporting the result of the conference to the members of the city council, outlined his case as follows:

"The street car company has contended before the Railroad Commission for the first time that they are entitled to a valuation not only of physical properties, but also of going concern value, value of severance damages and value of surrendered franchises.

"I may say in the first place that this is the first time that the company has contended for such a valuation. In the past, the company has contended for a valuation of physical properties only. As a result of this misleading expression, it is my belief that practically the entire proceedings to date have been based upon the theory of physical valuation only. I believe, without exception, that the company desired only a reasonable valuation of the physical properties now being used, and not a valuation of the going concern value of the railroad.

"Turning now to the provision of the charter amendments relating to the franchise, I desire to call attention to specific phraseology which, in my judgment, leads to the conclusion that a valuation of physical properties only was intended by the people when they passed the amendments.

POSSE CLOSE ON HEELS OF BANK THIEVES

That the two boy bandits, now being pursued by a posse after having robbed the First National Bank at Auburn of \$1500 may be the same youths who two weeks ago robbed the Emeryville bank, holding up the accounting force and shutting them in the vault, is the opinion today of Captain of Inspectors Walter J. Petersen, who has been co-operating with the Emeryville authorities in an effort to trace the bank robbers.

The Auburn crime, according to the report received by Petersen, was carried out in identically the same manner as the Emeryville robbery. The bandits, who were not masked, made their escape by automobile, after having locked into a small room Miss May Lukens and Miss Lillian Kreischbaum, employees of the bank, and seized \$1500 in currency on the bank counters.

According to the girls, the youthful bandits entered the place shortly after noon, while the cashier, C. W. Brundage, was at lunch, ordering them into a room at the point of revolvers, shutting them in, and occupying while they telephoned the bank cashier. A posse, hurriedly organized by the sheriff, is said to be on their trail.

In the Emeryville robbery the same tactics were used. The two youths entered the bank late in the afternoon, when only the accounting force, composed of women, was there, shut the girls into the vault, and made their escape by automobile. The police here have several clues which have been forwarded to the Auburn authorities.

From the looks of the job it may be the same bandits. In fact, that is very likely," said Petersen. "But of course it might have been the work of two other boys who got the idea by reading of the Emeryville robbery, that sometimes happens. The Oakland police are awaiting fuller descriptions of the Auburn robbers.

**GRANTS PLEA TO
DIE OUT OF JAIL**

Charles Wesley Holmes, who was arrested for shooting Mrs. Francis Ward in an apartment at 1708 San Pablo avenue, sent a request to the police court yesterday morning to be allowed to go to the county hospital. Justice Horner, D. W. Jones sitting for Judge Samuel, refused at first, but when Dr. E. F. Jones appeared and in a whispered conversation told the justice that Holmes had no chance for recovery and merely wanted to die out of the jail, the decision was reconsidered and the permit granted.

Holmes is suffering from heart failure and according to Dr. Jones cannot live over two months. Mrs. Francis Ward, the woman shot by Holmes, is in a critical condition, but has expressed her desire to see Holmes go free and not be punished for the shooting. She declares she will never appear against him.

Holmes' wife also has forgiven him and says she will do all in her power to save him from a prison sentence. Holmes will be moved to the hospital some time today.

Franchises should be given in lieu of the resettlement franchise granted. It would seem that if the franchise is given to the company by virtue of the surrender of the franchises it would have been appropriate to have so declared in this subdivision. However, no such statement appears.

Under subdivision 12 of section 4012 it is provided that the purchase price to be paid by the city shall be the value of the property over and above the par value of outstanding bonds securing the property. It is likely possible that the bonded indebtedness may approximately equal the physical valuation of the property. Nevertheless, the company, according to its contention, might be entitled to a considerable amount of money representing only intangibles, such as going concern value, value of severance damages, and value of surrendered franchises. It would seem that this could not have been the legislative intent at the time that the charter amendments were passed.

In this connection it should be noted that the amendments to the provisions in the provisions of the charter should be construed against private interests and in favor of the city. The principle of law certainly can be applied in a case like the present where the entire ownership and control is transferred to the people by the parties interested themselves.

CHILD KILLED WHILE PLAYING HIDE AND SEEK

Four-year-old Herman De Costa, living at 2325 Boehmer street, was killed last night when an automobile crashed into the tree he was hiding behind, breaking the tree and instantly killing the little boy. Herman, with a number of neighbor children playmates was playing hide and seek and Herman was "it." He shut his eyes and put his head up against the tree. The other children hurried across the street in front of an automobile belonging to Herman Rose Martin, 2521 Clement street.

To miss the little children, Martin turned his machine into the tree, not seeing the little boy hiding behind it, and took the chance of wrecking the machine to avoid hitting the children. The impact of the heavy machine broke the tree, killing the four-year-old boy.

Martin carried the body to the house and then surrendered himself to the police. Although he has been charged for manslaughter, the police inspectors say the accident was unavoidable.

**TRAVELERS' AID
LUNCH PLANNED**

Special service as expressed in the Travelers' Aid Society of California gives inspiration to the luncheon which is planned at Hotel Oakland on Tuesday, May 27, under the direction of the Alameda county executive committee. Alameda county executive committee, Alameda county executive, is the guest of honor and the speaker of the day. Mrs. Suzanne Gomez, executive secretary of the Travelers' Aid Society of California, and Mrs. Kate Van Dusen, the following worker, will outline what the organization has accomplished at depots and wharfs about the bay. H. C. Capwell will act as chairman.

Mrs. E. W. Over is chairman of the luncheon committee. Reservations may be made with her at 2948 Webster street, Telephone Oakland 2299. Mrs. A. O. Gott of Alameda is carrying the program. Covers will be laid for 150 or more guests.

Wallace Alexander of Piedmont was re-elected president of the state society at the annual meeting last month. The directors who represent Alameda county on the state board are: Joseph Knowland, H. C. Capwell, E. C. Lyon, Mrs. Grace Fisher Richards, Charles W. Reed of Berkeley.

The members of the Alameda county executive committee are: Chairman, E. C. Lyon; vice-chairman, A. S. Lavenson; Mrs. Grace Fisher Richards; treasurer, Mrs. Q. D. Jacoby; secretary, Mrs. Evelyn Reed Christensen; Mrs. E. Elizabeth Bishop, H. C. Capwell, Mrs. W. R. Davis, Mrs. A. O. Gott, Miss Lucy Knox, Mrs. William J. Hitchcock, Mrs. J. B. Richardson, Mrs. A. J. Crane, Mrs. Henry Wetherbee, Mrs. W. Owen, Mrs. R. T. Stratton, Miss Kate Gilbert, P. W. Hopper, Mrs. F. M. Greenwood, Mrs. H. K. Zeimer, Mrs. Everett Gibson, Mrs. Isaac Regan, Miss Amy Bruce.

Fined \$50 for Calling Man Spy

CLEVELAND, Ohio, May 21.—To be called a "man spy" unjustly brings a reward of \$50.

So ruled Judge William T. Hen-

person in the case of Aaron H. Weinstein, who sued Harry Spitzer for \$25,000 damages because the latter applied the epithet to him a year ago during a heated argument. Spitzer told the court, his remark came after Weinstein scoffed at Liberty bonds and war savings stamps as investments.

"I really didn't mean he was a spy," Spitzer explained. "I meant to call him a German propagandist."

"Fifty dollars damages," was the verdict of the court.

WRIGLEYS

How else can you get so much long-lasting benefit, so much real satisfaction for your sweet tooth at so small a price?

Be SURE to get

WRIGLEYS

in the sealed package; air-tight and impurity-proof. The reputation of the largest chewing gum manufacturers in the world is back of it.

SEALED TIGHT
KEPT RIGHT

The Flavor Lasts!

Why all this Precaution?

JUST wherein lies the reason for the use of vegetable preparations for infants and children?

Why are any but vegetable preparations unsafe for infants and children?

Why are Syrups, Cordials and Drops condemned by all Physicians and most laymen?

Why has the Government placed a ban on all preparations containing, among other poisonous drugs, Opium in its variously prepared forms and pleasing tastes, and under its innumerable names?

These are questions that every Mother will do well to inquire about.

Any Physician will recommend the keeping of Fletcher's Castoria in the house for the common ailments of infants and children.

Children Cry For Fletcher's CASTORIA

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splash, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

There are substitutes and imitations as there are for the diamond, for anything of value. One might almost say that that which is not copied has no value. So you have had the signature of Chas. H. Fletcher and a copy of the genuine wrapper kept constantly before you that you may guard against the false and the untrue.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

THE CENTAUR COMPANY, NEW YORK CITY.

THRIFT URGED BY U. S. GOVERNMENT

The habit of saving started during the war with the aid of War Savings Stamps is just as good now as it ever was, according to Mrs. Edna Berg, city chairman of the Oakland War Savings organization, in a statement issued today reminding the public that the War Savings stamps are still being sold and that the habit of thrift is just as necessary if not more so now than before.

"We must increase the purchasing value of the dollar," said Mrs. Berg. "This can only be done by the constant attitude of trying to save. Saving not only in money, but in every way."

Quoting from a pamphlet recently issued by the War Savings Division of the Twelfth Federal Reserve District Mrs. Berg submits the following:

"America has done many things; but she has never learned to save. Most of the materials that have found their way into the garbage can; that has leaked through our fingers, government securities can be purchased, a home can be built, a child's education can be secured, a rainy day shelter provided, capital for a 'sunny day' opportunity accumulated."

"An educational campaign to permanently change the United States into a nation of thrifty people is to be continued in 1919 with the sale of War Savings stamps."

The message of this campaign is not one of miserly saving or of hoarding, but of wise buying, the securing of full value for each dollar spent, the reduction of waste, the capitalization of one's industry and the stabilizing of national conditions."

Woman Jury Convicts Woman Defendant

STOCKTON, May 21.—For the first time in Stockton, a jury composed of women sat in judgment when Mrs. M. Watkins was brought to trial on a charge of battering Mrs. J. A. Travis. The complaint was filed upon Mrs. Watkins' own admission that she had committed the crime. The jury, composed of women, found Mrs. Watkins guilty and sentenced her to a term of forty days in jail.

In summing up the case, Justice Eicke said: "You can quote me as saying that I have never had a more beautiful jury or a better behaved one."

L. Griswold Sharpe in Farewell Solos

Lee Griswold Sharpe, whose tenor voice has been an asset for the First Baptist Church, is to leave Oakland for a new employment. His final vocal appearance will be the evening of May 27 at a concert at the church. The choir of fifty voices will give a war song revue, to which Sharpe will contribute J. Francis Harrison "The Trumpeter" and other numbers. A community "sing" will be a portion of the same program.

ACTS AS FRIEND, LOSERS

Robert Dunlap, colored living at 624 West street, says he will never play the good samaritan again. Yesterday he reported to the police that a white man who looked like he had been drinking for a number of years on wine for an experience and whom he found wandering in the park and had taken home for a square meal, stole all of his clothes and razors.

DEPENDABLE

electric washers, guaranteed in every way, are the only kind sold by the

OAKS TAKE SALT LAKE INTO CAMP AND SECOND PLACE

OAKLAND BOWLERS WILL BE BIG FEATURE AT PACIFIC COAST TOURNAMENT TONIGHT IN S. F.

Cliff Blankenship's Players Going After Records at Big Tournament in San Francisco

Some of the Best Bowlers in the West Will Uphold Honors of This City in Big Event.

By EDDIE MURPHY.

Since the opening of the Fourth Annual Pacific Coast Bowling tournament at the California Bowling Academy alleys in San Francisco, last night the bowlers have been crossing the bay in large numbers to watch the different teams in action, while many of the players of the Eastbay have also gone across to get a line on the other bowlers participating in that tournament. But tonight will witness Oakland's largest delegation of fans and families of the alleys, as spectators at the academy alleys, as tonight's game is in other words, Oakland night in the tournament. Nine is Maryland, or in other words, the Maryland alleys of Oakland will perform on the transbay alleys tonight and Skipper Cliff Blankenship is predicting that some of the highest scores to be rolled in a tournament will result.

For a few months bowlers of the Eastbay have been practicing for the tournament, and each of the nine teams has its share of high class bowlers. That little bit of information was found out a couple of months ago when the OAKLAND TRIBUNE diamond medal tournament at the Maryland alleys took place. Some high scores were rolled, the medal winner being Jack Hughes, who will be one of the five for the Benton-Parker Hatters in tonight's matches.

MARYLANDS LOOK GOOD. The nine teams of Oakland look to have even chance of being the best in the tournament. The four teams of the Eastbay have been practicing for the tournament, and each of the nine teams has its share of high class bowlers. That little bit of information was found out a couple of months ago when the OAKLAND TRIBUNE diamond medal tournament at the Maryland alleys took place. Some high scores were rolled, the medal winner being Jack Hughes, who will be one of the five for the Benton-Parker Hatters in tonight's matches.

THE NATIONAL KNOWN. The bowlers of the four teams of the Eastbay have been practicing for the tournament, and each of the nine teams has its share of high class bowlers. That little bit of information was found out a couple of months ago when the OAKLAND TRIBUNE diamond medal tournament at the Maryland alleys took place. Some high scores were rolled, the medal winner being Jack Hughes, who will be one of the five for the Benton-Parker Hatters in tonight's matches.

MRS. BRYANT IS ATTRACTION. The Eastbay female fans should be prominent at tonight's play, as Mrs. Bryant, who will roll the ball for the Maryland Hatters, will be the first to roll the ball in the tournament. Mrs. Bryant's husband will be one of her teammates, while Jerry Denbury, who will roll the ball for the Benton-Parker Hatters, will be one of her teammates.

The Maryland Hatters, Maryland Hatters, Cadillacs, and Leslie Smart Tailor teams will be the ones that will perform in the 7:30 period, while in the 9:00 period, the Maryland Hatters, Benton-Parker Hatters and the Seattle Hatters will show. The San Diego, Seattle and Portland Hatters will also roll in the 9:30 period.

Saturday will be the richest night in the tournament, with the boys on the left side of the alley, many of the boys on the Richmond team have performed well.

BASEBALL GOSSIP

By MAURY PESSANO. Pete Starnes is going to prove a very valuable man to the Atlanta Braves. Last Sunday at Pittsburgh, he was called on to stop the hard hitting Steel boys in their rally, and got the job very nicely. Pete only needed one inning, and whiffed two of the three batters to face him. He played left field, and got in three hits, and one of them went for a circuit. His home was one of the five registered in this game. The manager, who is a very fortunate enough to have Pete on the team, for he can play any position from pitcher to catcher.

Joe Tobin is going great with the Steel boys. Since Joe Tobin joined them, which is over two months ago, he has been hitting that ball right on the nose. He has been called on to stop the hard hitting Steel boys in their rally, and got the job very nicely. Pete only needed one inning, and whiffed two of the three batters to face him. He played left field, and got in three hits, and one of them went for a circuit. His home was one of the five registered in this game. The manager, who is a very fortunate enough to have Pete on the team, for he can play any position from pitcher to catcher.

Pat Kilhenny caught another nice game for the Halton-Diters of Atlanta. Pat is one of the best receivers in the bushes and knows how to work. Although Atlanta has lacked hitting ability in that position, Pat manages to lace out his drive. He got one last Sunday that started the game.

Here is Waldo Tupper's San Diego Woodstone bowling team entered in the Pacific Coast Bowling Tournament now being held in San Francisco and the Booster tourney to be staged in Oakland, May 19-26. Seated, left to right: FRANK FREDERICKSON and GEORGE MCGUFFEY. Standing, left to right: WALDO TUPPER, HEINIE BIEWENER and EDDIE SCHACHTMAYER. Tupper's team, with the Flor de Balmores of San Diego, enjoy the distinction of being the first to enter the 1919 Pacific Coast Bowling Tournament.

GOOD SCRAPS ARE SCHEDULED LUSCHER VS. CHIEF AGAIN

By BOB SHAND.

Monsieur T. Jeremiah Simpson, Mayor of West Oakland, will give his weekly musicale at the auditorium this evening and the famed impresario promises an unusually interesting program. Mons. Simpson has rounded up some of our best known little four-rounders and will see 'em onto the stage for the first time. The program will be the biggest gathering of bargain lovers ever assembled at the municipal pile out by the lake.

The boxing at the last Simpsonian offering was all that could be desired. The boys vaded into their work with such vim that three little four-rounders were knocked for individual goals while the other contestants scurried as though they were being chased by a pack of wild dogs.

This evening the piece de resistance will be a contest between the two great champions, Lusher and Chief. The two boys are both of the four-round variety, and will be a real treat to watch. The boys are both of the four-round variety, and will be a real treat to watch. The boys are both of the four-round variety, and will be a real treat to watch.

Kremer Again Wins a Game For Our Oaks

Locals Have Won Every Opening Game This Season to Date

SALT LAKE, May 21.—The Oaks ran true to their term of the first six weeks of the season by defeating the Salt Lake Bees here yesterday afternoon, and are now all alone in second place of the Pacific Coast League pennant race. Also Ray (Wiz) Kremer has pitched his fifth straight win for the Oaks, although last week at San Francisco he was battered from the box by the Angels in one of the games, he failed to get charged with the defeat. Every week during the season the Oaks have celebrated by winning the first game of each series, and other clubs in the league can be thankful that it is not only on Tuesdays that Del Howard's song plays ball. Yesterday's success was over the Oaks were found on the nice end of a 10 to 4 score, after having pitched a stunner of a game. Kremer and Gault all around the lot.

The performance of Kremer holding the local club to six hits in this victory is quite unusual for a hurler. The Bees managed to turn their six hits into four runs because a couple of the drives were for home runs. Even Kremer himself had a home run in his last out, but it was against the home club. The game was a real battle, but Kremer and Gault were the winners. Kremer pitched a stunner, and Gault was the hero. Kremer pitched a stunner, and Gault was the hero. Kremer pitched a stunner, and Gault was the hero.

HIS MATES SURE HIT THE HORSESHOE YESTERDAY.

But yesterday afternoon saw the Oaks' batsmen get into the swing. Kremer and Gault were the winners. Kremer pitched a stunner, and Gault was the hero. Kremer pitched a stunner, and Gault was the hero. Kremer pitched a stunner, and Gault was the hero.

Booze-Laden Suitcase Handed Boxer to Take to State of Oregon

Johnnie Conde will not box Danny Frush in Portland tonight, as Johnnie's reach is not long enough. Conde is still holding down the corner of Twelfth and Broadway and another opponent will have to be found for Mr. Frush.

According to Conde he was made the victim of a dirty trick that might have landed him in the penitentiary. A San Francisco hanger-on of the four-round games, arranged the Portland match for Conde and this pair were supposed to leave last Saturday night.

The "manager" met Conde on this side of the bay and the pair started for the Sixteenth Street depot. Conde, being only the fighter, had to pack his own suitcase, and also the "manager's" grip. He grip was very heavy, but little Johnnie is entirely glib and never suspected that anything was wrong.

PESTY IS WISE.

But the wise Pesty Ryan was on the job. He took a peek inside that grip, and advised Pesty.

"What for?" asked Johnnie. "It ain't my grip, but better take a look at it. It's just the same," chimed Ryan.

The "manager" was looking the other way. Pesty and Johnnie investigated, and according to Conde they discovered \$70 worth of booze in the grip.

All that Conde had to do to get about a million years in the "pen" was to let that grip over the Oregon boundary line.

And Johnnie, entirely innocent, could never have suspected.

Seals Defeat Beavers in a Contest Devoid of Pep; Little Jazz Badly Needed

Casey Smith Turns in Another Victory With "Fat" Pennington Being the Fall Guy.

"Tut, tut, we lost another game." That's about the way the Portland Beavers felt over their 3 to 1 defeat at the hands of the Seals yesterday in the opening game of the series. Far be it from the Beavers to worry over the mere loss of a ball game. They have lost so many that another really does not make any difference. So there isn't a chance of any of the Beavers' acquiring any more. It was one of the mechanical games of the series. You seemed to sense that every batter was going to do when he stepped up to the plate and the old hunch was invariably right. All they wanted was the dirge to make the thing complete.

If they are going to play many more ball games like that of yesterday the fans who were attracted to the ball park the peppy work of the Oaks are going to lay off and wait until their own game turns. There wasn't a stickler's worth of pep in the entire eight and a half innings of baseball. The Seals' coaches were half asleep and more than one fan grabbed forty winks for himself during the proceedings. It's the Oakland Grabs and Waldo Kremer to inject some life into their athletes. They are not going to make any money for them. The Seals' coaches were half asleep and more than one fan grabbed forty winks for himself during the proceedings. It's the Oakland Grabs and Waldo Kremer to inject some life into their athletes. They are not going to make any money for them.

A little fat guy named Pennington chucked seven frames for the Beavers and got nicked for three runs. He was as wide as his legs, but he seemed considerable pitcher after he got that first inning out. Rod Gilman was the first to open the trouble with a one-run shot and Pennington obligingly whiffed the ball. He was a real pitcher, drew a pass and Caveny vinted the boys on their way plateward. Seals' pitcher, Joe Egan, lost his reputation by popping one to Paddy Sigin at second, but Carl Crandall came through in the pinch. He hit the ball, and the Seals' pitcher, drew a pass and Caveny vinted the boys on their way plateward. Seals' pitcher, Joe Egan, lost his reputation by popping one to Paddy Sigin at second, but Carl Crandall came through in the pinch. He hit the ball, and the Seals' pitcher, drew a pass and Caveny vinted the boys on their way plateward.

LOCAL FANS WILL SEE BEAVERS TOMORROW

McCredie and his Portland Beavers will be seen for the first time this season here tomorrow afternoon at 3:30. The Beavers' first game was at San Francisco Seals. As yet, the Portlanders have not really got going, but McCredie can be counted on to make his out. It is a real pitcher, drew a pass and Caveny vinted the boys on their way plateward. Seals' pitcher, Joe Egan, lost his reputation by popping one to Paddy Sigin at second, but Carl Crandall came through in the pinch. He hit the ball, and the Seals' pitcher, drew a pass and Caveny vinted the boys on their way plateward.

Shipfitters Lose to Brother Elks

The Big Brother Elks defeated the Shipfitters in a boxing match. The game was a real battle, but Kremer and Gault were the winners. Kremer pitched a stunner, and Gault was the hero. Kremer pitched a stunner, and Gault was the hero. Kremer pitched a stunner, and Gault was the hero.

Vallejo High Boys May Win Big Meet

VALLEJO, May 21.—With Justin Collins, the crack sprinter and Jules McLaughlin back in the fold, Vallejo High's chances for the Elks, Solano, Napa and Sonoma track meet which is to be held at St. Helena Saturday, have been brightened. During the past month or so these crack athletes have been on the sick list, but are again in shape, and will be on deck Saturday in the pink of condition.

Danny Edwards to Box Mascott Tonight

PORTLAND, Ore., May 21.—The Portland boxing commission tonight announced that Danny Edwards, Oakland; Stanley Willis (Pennsylvania); Joe Johnny Schuler (St. Paul); Danny Edwards (St. Paul); and Tom Williams (San Francisco); George Franklin (Los Angeles); and Billy Ryan (Portland).

Fournier, Cooper and Ellis hit a couple of safe ones for the Angels, as did Harry Harper and Bowman for the Athletics.

Build Up the System After Dangerous Grippe

Prompt Assistance Needed to Regain Your Lost Strength

If you have been fortunate enough to survive an attack of this dangerous disease, which has been so severe in all parts of the country, you know the "damaging" effects which it leaves. Your pain-racked body has been through one of the most trying ordeals - of your life, and even if you have won over the millions of disease germs that threatened your life, the effects of the attack are still with you.

Your strength is about all gone, and your vitality is at a low ebb. Experience has proven that no disease leaves the system in a more run-down, debilitated and depleted condition. There is a soreness throughout the body, a reminder of the torturing pains that you suffered; the nerves are all unstrung, and your sense of weakness almost borders upon complete helplessness.

The system is "all shot to pieces," resembling very much a war-stricken land that has been devastated by a ruthless enemy. As soon as you are able to be up and about, you realize the important repair that the system needs to restore your former robust vigor.

Nature is the great healer, and when all hindering obstacles are removed, nature does her work well. But the process is slow, and assistance is needed, if you wish to lose no time in being fully restored. The rebuilding of wasted tissue and restoration of lost strength must come through the blood, which is

the source of all life, and it is through this vital channel that the repair work must be done.

The one remedy that has proven of such invaluable assistance in rebuilding the broken down system after influenza, or lagrippe, is the well known blood purifier and system tonic, S. S. S. This standard preparation is recognized as the most reliable and satisfactory blood tonic ever discovered, and its use throughout the length and breadth of the land for more than fifty years, is the strongest evidence of its merit. S. S. S. is sold by drug stores in every state in the union.

Those who are endeavoring to overcome the ill-effects of grippe will find S. S. S. of great aid in restoring the system to its former strength and vitality. This tonic builds up and enriches the blood supply through which every part of the body is toned up and strengthened, and a few bottles will prove a great aid in bringing back your old-time health.

S. S. S. is a purely vegetable preparation, being made from the medicinal roots and herbs of the forests, and there is not a particle of mineral in a thousand bottles. It is nature's own remedy. You can always obtain S. S. S. from any drug store.

Get a bottle today, and give all possible help to your broken down system, so that your health and strength may be promptly restored. And if you wish any special advice, you can obtain same without cost by writing all your case to Chief Medical Adviser, 104 Swift Laboratory, Atlanta, Ga.—Advertisement.

ANGLERS' NOOK

Malden—No change in situation from last week. Some very good catches made with salmon eggs for bait. Water clear. Weather good. Roads not open to lakes. Too much snow. Probably be able to drive to lakes early part of June.

Pulga—General conditions much improved this week and good prospects for the coming week. Several good catches were made of mountain trout and silver fish. Feather River getting low and water clearing up. Salmon flies are being principally used for bait, and quite a few catches landed with salmon eggs and grubworms. Weather continues good.

Elks Victims of

No-Hit, No-Run Game

Before a gathering of Oakland Elks and Olympic Club members at the Oakland Coast League park, Roy Hills pitched a no-hit, no-run game for the Olympic Club and defeated Hill Casanova Elks to the tune of 3 to 0. On the other hand, Foder Dolan, pitching for the Elks, was touched for seven hits, while his teammates made four runs behind him.

Next Sunday the Elks will play the Transportation club of the Southern Pacific at the Coast League park at 2:30 p. m. The score:

Fred S. Bain Is

High Trapshooter

LOS ANGELES, May 21.—Fred S. Bain of Eureka is high gun among the amateur trapshooters in the Los Angeles gun club trapshooting tournament. Bain broke 125 out of 200 birds in yesterday's events. Leonard Hawkehurst won the professional honors, with the same score as Bain made.

Veteran Swimmer

Dead in Alameda

Dr. Frederick W. F. Field, the first man to swim San Francisco bay and make the perilous trip around the Seal Rocks, died at his home in Alameda yesterday at the age of 76. Last New Year's day, Dr. Field plunged into the water at Neptune Beach.

Griffiths Hands

Rowlands Beating

MEMPHIS, Tenn., May 21.—Johnny Griffiths, Akron, yesterday, spotted Len Rowlands several pounds last night and then gave the Milwaukee batter a neat beating in eight rounds.

Flynn Brothers

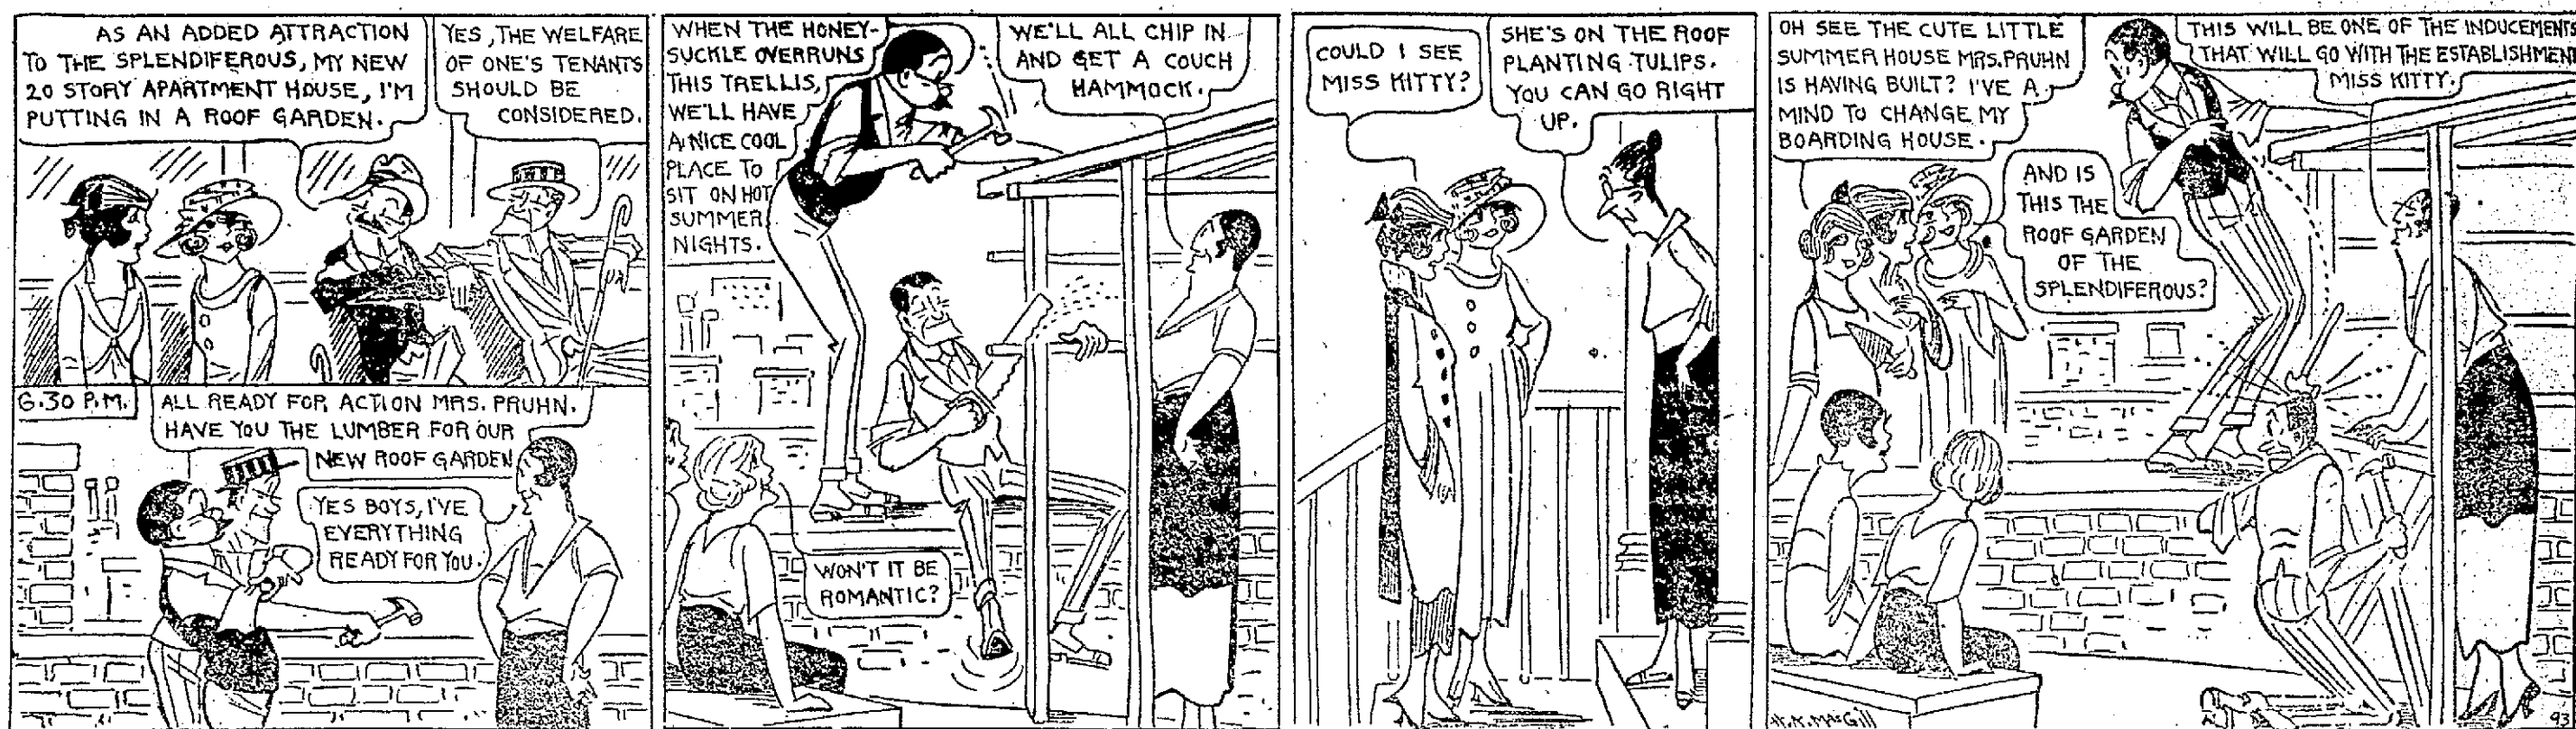

Both Win Bouts

TERRA HAUTE, Ind., May 21.—The Flynn brothers were victorious here last night. Maurice Flynn won over Freddie Beck in ten rounds. Thus encouraged, Clint Flynn gained the decision over Don Carley in ten rounds.

WEDNESDAY, MAY 21, 1919.

THE PRESIDENT'S MESSAGE.

President Wilson's message to the special session of the Sixty-sixth Congress fails to command that pronounced interest which many of his previous deliveries to the legislative body aroused. One of the reasons for this is that several of his recommendations had already been anticipated in the public mind and, indeed, by the legislative program mapped out by the majority leaders in both houses of the Congress. There is little new or unexpected in the President's called address, little that had not already been called to public attention by the acts and omissions of the government and of the last Congress.

It is interesting to observe, however, that his sojourn in Paris, engrossing as that must have been, has not changed the President's tendency to indulge, perhaps unconsciously, little ironies of speech. He cables from the "other side of the water" that he hesitates to venture any opinions or press any recommendations while absent from the United States and out of daily touch with intimate sources of information and counsel. "I am conscious," he wires, "that I need, after so long an absence from Washington, the advice of those who have remained in constant contact with domestic problems and who have known them from day to day." If the President has ever accepted the advice and counsel of Congress the oldest member of that body cannot recall it.

But President Wilson does venture to press recommendations. He urges labor legislation, provision for the return of the railroads by December 31, the early return of the telephone and telegraph companies, the repeal of the luxuries tax provisions of the revenue bill enacted at the last session of Congress, aid to the returning soldiers through land-aid allotments, enactment of the suffrage amendment and the passage of appropriation bills necessary for the conduct of the government during the next fiscal year.

These matters had already been considered and included in the program of the Republican majority of Congress. They are legislative tasks falling naturally upon the present Congress by reason of the failures and offenses of omission of the Democratic Congress that expired last March.

A joint resolution had already been introduced, when the President's message was read providing for the immediate relinquishment of federal control over the telegraph and telephone utilities. The suffrage amendment and the repeal of the "unequal" luxuries tax provisions—the first rejected and the second enacted by the Democratic majority of the preceding Congress—also had already been made the subject of joint resolutions and were being considered in committee when the President's message was delivered.

One of the unique passages in the President's message is that dealing with tariffs on imports. In this the President, in referring to the drestuffs and chemical industries, recognizes and urges the doctrine of protection for American manufacturers. He observes that we must frankly face the fact that hostile legislation by other nations is not beyond the range of possibility and that it may have to be met by counter legislation. That is the obvious truth, but the President declares, incorrectly, *THE TRIBUNE* believes, that there is no occasion for undertaking in the immediate future any general revision of our system of import duties.

He asserts that "no serious danger of foreign competition now threatens American industries." This will be emphatically disputed in a thousand well-informed quarters where there are students and observers competent to "advise and counsel" with the President. And the contrary view is supported by the British restrictions on imports, the denunciation by European countries of their commercial treaties, cheap foreign production and subsidies for foreign steamship lines.

However, it may be worth something that the

President recognizes that protection for domestic industry is necessary. He may in time realize that therein reposes the essence for prosperity and happiness for the American workman and that without that protection all the laws dealing with relations between employers and employees possible to enact will not be worth the cost of the ink with which they are printed.

On the whole the message from the Executive lacks evidence of comprehension of the fact that the critical period of reconstruction and readjustment to meet hard current and future conditions is upon the United States. Its casual temper reflects the manner of its delivery—by cable from an European capital.

DIED IN A BRAVE ATTEMPT.

Harry G. Hawker and Lieutenant-Commander McKenzie Griev of the British navy, who attempted to cross the Atlantic Ocean in an airplane, have been lost at sea. That they have died by drowning does not admit of much doubt. They took the air at Trepassy, Newfoundland, early Monday morning and started on their daring flight for the Irish coast, over 1800 miles away. How much of their journey they accomplished is not known, for no trace of them or their craft has been found.

Men never took a longer chance with their lives, in a spirit of sheer sportsmanship, than Hawker and Griev. The world takes off its hat and mourns their loss, applauds their bravery. It is such as they who have discovered continents, civilized half the earth, conquered disease, annihilated obstacles, broken the shackles nature in a terrible mood ages back put upon man. Such as they who on the battlefield saved the world from the wicked perversion of human nature expressed in the schemes of Germany.

The feat they attempted was for the glory of their country, just as the brave men who piloted the American navy flying boats sought to give a little more prestige to this country. The fate of Hawker and Griev saddens the triumph of the Americans. The Britishers took the more perilous way. They deserved to win. And had they reached their goal no louder or more hearty praise would have been heard than that voiced by the people of this country.

GOOD RIDDANCE

Some of the professorial members of the American peace delegation have tendered their resignations as a protest against the peace treaty.

They had their heads so far in the clouds and so far away from moral conscience and practical things that they could not submit to the peace treaty not being precisely as they wanted it.

Let them leave a work to which they should never have been called. Probably they will find congenial company among those eighty-odd German savants (heaven save the mark) who forever forfeited the respect of truth-loving men by declaring that the German military forces had not harmed a single Belgian civilian.

Just what these little academicians object to is not known. But they probably think the whole Allied peace structure will collapse since they have abandoned it. Not so. The proposed peace treaty is broad-based on that justice that punishes as well as rewards; that insures safety and assistance for the weak, the honest and the law-abiding; that is troubled no more by a professor's opinion than it is by the wounded dignity of a Hohenzollern prince.

The temper of Congress regarding Mr. Burleson's seizure of the telephone and telegraph utilities will soon be ascertained. Representative Steenerson yesterday introduced a joint resolution providing for the return of these properties to their private owners and calling for a report of all receipts and expenditures during the Burleson dictatorship.

President Wilson spoke in Paris Saturday with graceful fulsomeness on international law and the spirit of America. But he did not repeat that "compromises are odious." The experiences of the peace conference are not yet forgotten.

BUSINESS ABILITY LACKING.

Business conditions throughout the country today indicate a shortage in the matter of practical ability, with a top-heavy surplus of fat theory and sentiment. At the head of the list we must place the government, burdened with artificial conditions resulting from the war. Railroads, telegraph lines, mercantile shipping and other privately owned public utilities were taken under government control as supposedly necessary war measures. Actual results are at least debatable. Freight truck and auto passenger lines were openly encouraged by the government to enter into competition with the railroads, and now that the war is over the railroads find that the cream of their business is firmly in the hands of the motor companies.

Placerville has had this condition brought to her attention in a most convincing way. The railroad has given notice that one of the passenger, mail and express trains will be taken off the Sacramento-Placerville division June 1, the reason given being that the two auto stage lines, each running four stages daily over this route, and one truck line carrying express and freight, have so cut into the business of the railroad that it cannot afford to operate two passenger, mail and express trains daily on this line.

And this brings us back to the proposition of business ability lacking. While the auto freight and passenger service is being constantly improved and extended the railroad service is apparently in a rut from which it lacks the ability to extricate itself. The steam railroad cannot compete successfully in the matter of short hauls with modern motor vehicles operating over paved highways. There is only one alternative for railroads and Sacramento line, and that is to substitute electric for steam power, run lighter trains and make better time. In this manner they can substitute electric for steam power, run lighter trains and make better time. In this manner they can substitute electric for steam power, run lighter trains and make better time. In this manner they can substitute electric for steam power, run lighter trains and make better time.

NOTES and COMMENT

The Austrians are now getting theirs. However, there will not be that accompanying resentment, that characterized the measuring out of the German dose. The world has a feeling that the Austrians are entitled to some sort of alibi on account of a very wicked partner.

The government of Germany decreed a week of mourning because of the terms of peace, but the people refused to don crepe. It takes the French to do that sort of thing impressively.

Railroad trainmen apparently are hurrying up with their demands. They now want a minimum wage scale of \$150 a month. The probability that the roads are to be restored to their owners makes this the psychological time for such demand.

The Michigan senatorial fight has come up again. The senate has been petitioned by Henry Ford to investigate the vote by which Truman H. Newberry was elected. We had a great deal of this immediately after the election, and there is likely to be a pronounced disinclination to become interested again.

It must be said that Congress did not lose in the matter of organizing. It fell to work as a body that had come late to its task. Evidently there was a feeling that it should have been at it long before.

The assembling of Congress brings to light Victor Berger again. Elected to that body by a Milwaukee constituency he has been denied his seat. He had been convicted of felonious acts under the espionage law. All of which affords Milwaukee good occasion to "meet out herself."

According to a Washington despatch, "prices may not be expected to drop much in the near future." This is interesting, but it would be illuminating if there were accompanying reasons. If the consumer could be shown valid justification for this being thus he might pay with better grace.

Wells Drury refreshes the public memory by recalling that Nevada's constitution was wired to Washington at the request of President Lincoln. The Senatorial votes were needed and the administration couldn't wait for the mails. The incident is recalled by the long distance delivery of the President's message to the present Congress.

It will be recognized as entirely proper that the first bill to be introduced in the House was the woman suffrage constitutional amendment, which failed in the last Congress by one vote, the failure resulting in criminalizations as to senatorial side-stepping. The measure is sure to go through this time. Public sentiment has become very pronounced on the subject.

How the uniform is made to serve commercial ends is illustrated in the big profits that men realize in selling "The Listening Post." One testifies to having made \$100 a week. Everybody feels generous toward soldiers, and when one shows up with a camp publication or a home welcome button for sale he finds in nearly every person a customer, and is often permitted to keep the change.

Story of a chap who had enlisted and gone through the examinations, getting a wire before he had been sworn in that \$150,000 had been left him. He also declared his intention of asking to his plan of serving in the army notwithstanding. Good grit there.

Due to the phenomenal industrial development of the estuary, Oakland harbor and tidal canal region, the four bridges that span that waterway are figuring importantly. They are all out of date and obstructions to commerce, especially the lower one, which carries an enormous traffic. Its replacement by a modern structure is a pressing necessity.

Cartoons have already begun to appear of congressmen just arrived, pictured as wayback folk, blinded by the lights at the end of the tunnel, and having no conception of the role of senatorial function. Maybe it used to be that way, but it isn't now; a fact which everybody recognizes, unless it may be the occasional cartoonist.

SPIRIT of the STATE PRESS.

Here is a new and, we believe, valid reason for trying to shake off a father's name. Two young women in Oakland petitioned for permission to take their mother's maiden name, complaining they hated the name of their father because he had abandoned them and their mother.—Stockton Record.

While the appropriation for orphans has been cut, while almost necessary bills will be vetoed because of stated lack of funds, the governor of California has affixed his signature to the iniquitous measure known as the home for delinquent women bill, which carries an appropriation of \$150,000. This measure is one to jail for from six months to five years any woman guilty of that which Christ the Savior forgave when He lifted up Mary of Magdala.—Sacramento Bee.

It is to be hoped that the suit to reopen the Fair will be dropped at least set in the matter of an actual trial of the issue in court. The private issues involved are to be sure, of no public concern. Indeed, they are not vital even to the private parties to the suit, since all of them will still have more than enough of this world's goods, whatever way the suit goes. The important thing is not who gets or loses Senator Fair's millions, but whether or not the original decision as to the distribution of those millions was secured by the bribery of a justice of the Supreme Court of California—Fresno Republican.

GREAT EXCITEMENT IN SOLAR REGIONS

THE SCENE BEHIND SCENES

American Journalist Declares Program of Justice For All Nations Was Defeated at Paris Conferences and Replaced by a "Victors' Peace."

NEW YORK, May 20.—(Special Correspondence).—During the disclosures of the scene behind the scenes at the peace conference are made in the June issue of the Century by Herbert Adams Gibbons, a journalist and lecturer under the auspices of the French government, who tells the story of how the American program of justice for all nations was defeated at Paris and replaced by an old-fashioned, secret, "victors' peace."

"When a conference of twenty-four victorious states met in Paris on January 18, 1919, hopes ran high," says Mr. Gibbons. "The entente powers and the United States made two statements to Germany, the first, that peace should be on the basis of President Wilson's 'fourteen points' and subsequent discourses; with a reservation concerning the liberty of the seas, the second that Germany should be restricted. Two months were lost in futile discussion. In the third month of the conference the deliberations of a hundred plenipotentiaries had given place to morning, noon and night secret conferences of four very scared gentlemen who did not know what to do."

"Despite the idealism of the opening sessions of the conference, President Wilson's 'fourteen points' and subsequent discourses were not used as the basis of discussion in regard to any single question. Large and small alike, allied states put forward programs of territorial aggrandizement and economic advantages and submitted enormous indemnity bills. The annexations claimed were mostly at the expense of one another, and ignored the principles of nationality and the consent of the governed except when those principles supported the contentions of the claimants. The total of indemnity bills surpassed by far the aggregate wealth of all the enemy countries."

"The establishment of a new world order was constantly on the lips but never in the minds of the participants in the Conference of Paris. Did races aspire to independence? Their aspirations were entertained only if granting independence did not affect the integrity or interests of an Allied state. The claim to independence of Poles and Czechs and Slovaks were reasonable and just, or the Irish, foolish and reprehensible. The Arabs of the Hedjaz were received into the conference with open arms, but the Arabs of Egypt were regarded as rebels to be shot down. The Poles were supported to the limit in the extension of their territories at the expense of Germans, Ukrainians, and Lithuanians, but Jugo-Slavs were denounced as wreckers of the peace of Europe when they, too, desired to achieve their unity."

"In all these questions one may justify the actions of the Conference of Paris on the ground of the practical necessities of the moment. It would have been foolish for members of the conference to champion the cause of Jugo-Slavs against Italy, of Irish against Great Britain, of Chinese and Koreans against Japan, of Germans and Ukrainians against Poland. The Allies had to stick together. If friends interfere in one another's affairs they will cease to be friends."

"Poland and Czechoslovakia and the Hedjaz created difficulties that swamped the conference. The Polish government was induced to oppose the western march of Bolshevism by the secret promise of a liberal eastern frontier at the sacrifice of Lithuania, Russia, and Rumania. The inevitable result of the admission of Czechoslovakia to the peace conference was the appearance of Austrian delegates at the German national convention at

most of the American press, fought against the fatal egotistical attitude of European statesmen and diplomats. But when the Americans protested against annexations, they were asked if they could propose some other sort of guarantees that would serve the same purpose. They were silent. When the Americans protested against exaggerated indemnities, they were asked if the United States would help pay for the war. Silence again. When the Americans protested against French and British and Italian colonial aggrandizement in Africa and the agreements creating spheres of influence in the Ottoman empire, they were asked if the United States would undertake the task of bringing liberated countries and races to self-government. No assurances could we give."

"When it came to the drawing up of the final statutes of the league of nations, much of the opposition was from the United States. By insisting upon recognition of the Monroe Doctrine, the basic principle of the convention was denatured. We made ourselves the champions, also, of the insertion of a clause providing for religious and political equality for all races in the world over. But we refused to live up to our ideals when the Japanese proposed an amendment which would add to the noble clause of President Wilson the two words, 'or races.'"

"It is so easy to see the mote in the other fellow's eye! Let us realize the final shortcomings. We went to Paris burning with zeal to reform the world. We were impatient and scornful of the petty ambitions, the lack of straightforwardness, the unwillingness to make sacrifices, the shopkeepers tricks of our associates. Idealism? There was none we said, except among ourselves. But when we were asked to assume responsibilities in the near future, to mount guard on the Rhine, to see through the job we had begun, to pay our share, and to put the Monroe Doctrine and the Panama canal and Asiatic immigration on the table, we turned sorrowfully away from our vision of a durable world peace, and went to live in a glass house like the other fellows."

BABY MOVIE STARS ARE GIVEN PRIZES

By EDNA R. KINARD.
Once upon a time... But it happened yesterday in Oakland at Lakeside Park. It was a really, truly fairy story with Baby the King. And such sturdy, rollicking lusty, jolly, going, surging infancy could not but "give happy over after." Were they not all Americans and Californians and Oaklanders and beautiful and healthy with good lungs and honors salutes? Were they not all stars in one of the most remarkable films which the coast has yet given to movie literature? Was it not their day with gifts bestowed upon each of them?

For the twenty loveliest youngsters of the four hundred who a month ago participated in the making of a film which has already made Oakland and Oakland famous, met at a party in Lakeside Park and laughed and cried their way anew into the heart of the world. A new film was created of the score of toys who were chosen by three perplexed and despairing judges from the hundreds of children under three years old who were cast in the original film made by The Oakland Tribune and the American Theater which will establish anew the city's claim to the distinction of being the home of perfect childhood.

PRIZES DISTRIBUTED.
The baby party at which every baby was a prize winner was announced for 2 o'clock. The occasion was the formal distribution of the prizes which had been presented by the merchants of the city. But so much infant sweetness could not be lost and once again the camera man could not be persuaded to pass by fame.

The sun had scarce reached its height when the parade of the baby carriages began across the lawn of the park. Even fathers had taken a day off to adore his adorable child. It was Sunday-best with white and blue, and lace, ribbons and ruffles, a glorious medley. Proudly the parents led forth the young offspring which had brought them the only distinction which parents envy. The babies came innocently, wondering, playful. Laurels did not bother them a whit. Some were too busy with play, some were too little to care; some found new friends; some went to sleep. Some sat down and howled; none of them were old enough to know what it was all about.

It was the only time that twenty film stars were ever gathered together when the green end of envy was not in the midst of them. Over nodding heads and squirming bodies and runaway feet, mothers in serious confab compared the virtues and weight of their children, discussed "teething," "feeding," and secrets of infant craft; advised, admired, adored and found satisfaction that each was the mother of her particular baby. Aunts and sisters and cousins, grandmothers and friends all came trooping in to assist at the glorification of the one in twenty.

WELL WORTH KNOWING.
But bless you, they were kiddies well worth the loving. Wiggling, squirming, tottering, running, bumping—they were Oakland's prize infants. Only the camera man had his troubles, and the mother whose child would cry. She insisted that the picture must be taken again for "baby looked so sweet when he laughed." When the camera man answered that a baby crying was

Twenty squirming, wiggling, prize-winning baby-beauties laughed and romped their way through a new film yesterday under the direction of the OAKLAND TRIBUNE and the American Theater, at Lakeside Park, where they were presented with valuable gifts by the merchants of the city. The TRIBUNE camera man caught some of the youngsters as they waited their turn as stars. At the top, from left to right: DOROTHY WILSON, JACK FRENCH, BOBBIE MACKIN, DONALD WALLACE, ROBERT WALLACE (twin sons of Mr. and Mrs. T. C. Wallace), LORRAINE TAYLOR, LORETTA TAYLOR (twin daughters of Mr. and Mrs. W. I. Taylor). The soldier boy is JOE McAULIFFE. The two young belles between whom he is standing are SARAH GUSTAFSON and GEORGIA MILLAR. A potpourri of Oakland's best are shown upon lawn.

a better feature than a baby grinning, there was near-battle. The scene was set. The movie man was right on the job when the leading lady who held the center of the stage went crawling away to be dragged back by a distressed maternal parent. The act was repeated to the glee of the other mothers.

Jack French and Robert Richard Mackin, known to intimates as "Bobbie," proceeded at the first opportunity to consume the \$50 Liberty bonds which the Central Bank and the Bank of Italy presented to them as the first prize winners yesterday.

Doris May Goding, daughter of Mr. and Mrs. Merle S. Goding, and Vivian J. Wisner, daughter of Mr. and Mrs. Fred L. Wisner, were quite as youthful yet to realize the blessing of the go-carts presented by the Herman Furniture Company and A. Schueler Company, but their mothers sighed with relief when they placed the chubby of infant beauty in the comfortable sulkies.

It needed the silver picture frame offered by A. F. Edwards, the jeweler, for a setting to Georgia Millar, the youthful beauty of 1559 Webster street. John Stevens was given the proverbial spoon for luck which went along with the silver knife and fork provided by W. N. Jenkins, jeweler.

A fluff of golden hair, and peaches and cream, the pretty blue eyes of Sarah Gustafson glowed at the thin gold chain with its diamond pendant which was Morton Company's gift. "I'm so glad it's something useful," declared Mrs. John B. McAuliffe, as her soldier son, a fine upstanding lad, Joe, was handed a pair of dress shoes from the Royal Shoe Company.

The small life of Baby Joseph Veldner, Jr., whose words are but thirteen, will be kept in the record book with which Smith Bros. remembered him. Flowers from W. J. MacDonald company was the most appropriate thing which could have been given the lovely Theresa McKenna, who was a real belle of the baby party. Benah Hogg went home with a big box of Lehnhardt's chocolates, and Dorothy Thompson proudly bore away the Venus chocolates.

The beauty of Jane Eileen Cunha will be recorded in the \$25 pastel portrait which the Cutbush studio offered. Others who were presented with portrait orders amounting to one half dozen of any \$10 style by the Cutbush studio were Loretta and Lorraine Taylor, Dorothy A. Wilson,

Donald and Robert Wallace, Joseph Swan, Jr., John Ealan and Frieda Tardow. Other prize winners were Melva A. Grant, Ivory Brush and comb set, Bowman Drug Company; Alfred Lasher, William Stevens, Minko Okazaki, hot water bottles, MacLise Drug Company; Lester Gilbert, wash suit, Arthur Ramage company; Howard Burns, swing, Osgood company.

Everybody loves a baby. That is why the baby film which was conceived and carried through in Oakland with Oakland's beautiful babies has been popular. Other cities throughout the coast are assembling their youngsters and best honors in California be not equally divided are working out in elaborate detail a similar screen story.

The dainty, adorable Oakland natives who hold the year's honors as being the most beautiful of all the beautiful infants in Oakland, the city of beautiful babies, will receive their friends by proxy beginning Saturday at the American theater, when for the first time the new film in which the prize-winning infants have taken part will be shown.

Advantages of this community are to be faithfully and accurately set forth in newspapers, pamphlets and letters, which will be sent all over the United States and to foreign countries. Opportunities for the location here of manufacturing establishments, which will be afforded the best of water and rail transportation, the advantages presented by this community to home seekers, and the unexcelled inducements offered orchardists, farmers and gardeners, who desire to live on a farm near a big city, will be set forth in literature that is to be provided for that purpose. These who are directing this movement realize the importance of bringing to this community more manufacturing establishments for the employment of large forces of workers. That manufacturers in different parts of the country are now looking to Oakland as a promising field for the development of a large trade, both local and foreign, is shown by the scores of letters of inquiry that are being received by the Chamber of Commerce, Alameda County Development Commission and the Merchants' Exchange. Numerous plants are seeking sites here at present, and a greater demand is expected this summer.

Do You Want a Home?

Perhaps you have looked at several "Bargains" or some of the houses "built by the block" to sell, and can find none to suit you. They are cheaper to build that way, but "you" do not get it. I will build for you—from an "apartment bungalow" costing \$1200 to a residence of \$20,000—and can save you money on construction. Work I have done in Bay Cities for past 15 years is my best reference. By my method you pay for only the actual cost of construction plus a reasonable charge for plans and supervision. Terms arranged.

COUNTY PUBLICITY DRIVE IS PLANNED

Supplemental to the general plans for reconstruction, arrangements are being made by local commercial and civic bodies to advertise the advantages of Oakland and Alameda county on a more comprehensive scale than ever before. This line of action has been taken up by the Chamber of Commerce, the Alameda County Development Commission, the Merchants' Exchange and other similar bodies.

Advantages of this community are to be faithfully and accurately set forth in newspapers, pamphlets and letters, which will be sent all over the United States and to foreign countries. Opportunities for the location here of manufacturing establishments, which will be afforded the best of water and rail transportation, the advantages presented by this community to home seekers, and the unexcelled inducements offered orchardists, farmers and gardeners, who desire to live on a farm near a big city, will be set forth in literature that is to be provided for that purpose. These who are directing this movement realize the importance of bringing to this community more manufacturing establishments for the employment of large forces of workers. That manufacturers in different parts of the country are now looking to Oakland as a promising field for the development of a large trade, both local and foreign, is shown by the scores of letters of inquiry that are being received by the Chamber of Commerce, Alameda County Development Commission and the Merchants' Exchange. Numerous plants are seeking sites here at present, and a greater demand is expected this summer.

LADY ARTHUR PAGET EXPIRES OF INFLUENZA

PARIS, May 21.—Lady Arthur Paget, formerly Miss Mary Stevens of Boston, died at the Hotel Ritz last night, following an attack of pneumonia, preceded by influenza.

Lady Paget was the wife of General Arthur Paget. Her father at one time was the owner of the Tremont House in Boston. She was one of the leaders of London society, but was known principally because of her benefactions. During the Boer war she maintained a hospital ship. She won praise from the Austro-Hungarian government in the world war for her Red Cross work, particularly in Serbia, where she was attached to the American Red Cross.

Bottle Broken on Head Foils Robber

James Hardy, who said he had recently been discharged from the service and was out of a job and without money, was arrested yesterday and charged with attempting to rob a saloon at Thirty-fourth and San Pablo avenue. He went into the saloon and told the bartender to hand over the money. Instead of doing that the bartender picked up a bottle and broke it on Hardy's head and then telephoned the police to look out for a man with his nose and head badly cut. Hardy was arrested a few hours later.

Boy Asks \$50,000 of Girl Who Shot Him

FAIRFIELD, May 21.—Charging that the defendant, Clara Barrett, 14, fired a shotgun at him, knowing the gun was loaded, and destroyed the sight of one eye and impaired that of the other, Athern L. Walker, a boy, through David Walker, his guardian ad litem, has filed a suit asking for personal damages of \$50,000.

FARM SCHOOL EXAMINATION TO BE GIVEN

Young men of the age of 19 or older, other than high school graduates, who seek admission to the University Farm School at Davis, will be given an entrance examination by County Superintendent of Schools George W. Erick at his offices in the hall of records Monday morning at 9 o'clock, June 3, according to announcement today.

The examination will consist of problems in arithmetic through decimals, fractions and percentage, and the writing of a brief composition in English on an assigned subject. The results of the examination will be announced before the applicant leaves the office. Applicants are requested to notify the superintendent of their intention to take the examination. The session of the Davis school opens September 30, with registration a few days in advance.

DEATH SUMMONS JAS. F. SIMPSON

SANTA CRUZ, May 21.—James F. Simpson, retired capitalist, who came to California in the fifties, died Monday night. He was for many years a feed and grain merchant, and a large property owner in this city. He was interested in the Farmers and Merchants' National Bank, in which he held considerable stock. Simpson was born May 1, 1833, in Maine, and came to Santa Cruz in 1853. At the age of 21 he embarked on the schooner Coloma, under contract for Pope & Talbot, sailed around Cape Horn, landed in San Francisco and came to Santa Cruz. Simpson was an ardent Republican. He leaves a widow, Mrs. Laura Simpson, and a son, John Simpson, who is a resident of San Francisco. Mrs. Clara Simpson, wife of G. H. Anderson of San Jose, and John Simpson of Portland, Ore.

TAFT & PENNOYER COMPANY

a trace of the two men who took a flat car from the Mosden station and left it on the rails in front of the Santa Rosa local about 5:30 o'clock Monday afternoon. The engineer of the train saw the car in time to stop.

Cakes and Compliments!

A housekeeper who can certainly serve the most delightful Sunday night suppers, gave us this COVO cake recipe. Try it when you want something really "special." See if you don't get a delightful surprise—and some delightful compliments.

COVO MARBLE CAKE

$\frac{3}{4}$ cup COVO	$\frac{1}{2}$ teaspoon salt
$\frac{3}{4}$ cup sugar	1 $\frac{1}{2}$ cups flour
2 eggs	$\frac{3}{4}$ teaspoon nutmeg
$\frac{3}{4}$ cup milk	$\frac{3}{4}$ teaspoon cinnamon
3 level teaspoons baking powder	2 tablespoons cocoa or grated chocolate

Beat egg yolks light, add sugar gradually, then beat in COVO. Sift flour with baking powder and salt. Add to first mixture alternately with milk. Fold in beaten whites. Turn $\frac{1}{2}$ this batter into bowl, add to it spices, cocoa and molasses. Mix well. Pour into well-greased pan, alternating light and dark mixtures to give the "marbled" appearance. Bake 40 to 45 minutes in moderate oven.

TRY COVO in salads. Notice the delicious nut-like flavor. Then you'll understand why the head chef of the Waldorf endorses COVO.

At grocers, dealers of
pint, quart, half-gallon
and gallon sizes.

The illustration shows a rectangular can of Covo Salad and Cooking. The label features the brand name 'Covo' in a large, stylized font. Below it, the words 'SALADS and COOKING' are printed. At the bottom of the label, it says 'MADE IN U.S.A.'. To the left of the can, there is a small garden scene with a flower bed and a path. To the right, a small figure of a person is visible, possibly a gardener or a child. The overall style is that of a vintage advertisement.

TO THE PUBLIC OF ALAMEDA COUNTY

TO THE PUBLIC OF ALAMEDA COUNTY:

On Sunday, May 11, on a notice of but twenty minutes, the bakers and bakery wagon drivers of Alameda County precipitated the baking industry into a most unfortunate strike. On the

same morning the bakers and drivers of San Francisco gave their employers twenty-four hours' notice that unless their demands were met

The following morning the employers and employees of San Francisco met and arrived at

Bakers, 8-Hour Day
Wages \$34 to \$39 per week

Drivers, 8-Hour Day
We pay \$35 for men reporting at 6 a. m.

Wages \$37 for men reporting at 5 a. m.

This agreement was also offered to the local

From the beginning the employers have offered arbitration, but this the employees have

The local Bakers' Union first demanded a 7½-hour day and some changes in the wage scale.

The advanced wage scale was granted, but it was explained that the 7½-hour day was impracticable. The union then advanced their scale \$5.00

The drivers asked a 20% advance of wages (from \$30 to \$36) and refuse to deliver bread

before 7 a. m., an hour later than the existing starting time, which has been working a great hardship upon those engaged in the wholesale

The employing bakers, while operating their shops to the best of their ability rather than

precipitate industrial strife, stand ready to submit the entire matter to any impartial board of arbitration.

Respectfully submitted,
CALIFORNIA BAKERS' ASSOCIATION

WM. M. FOLEY, Secretary.

Succumbs in France

BERKELEY, May 21. — News received here yesterday of the death of Frank H. Lathrop Jr., member of Hospital Unit 88, who succumbed to diphtheria in France May 6.

Lathrop, who was 30 years old, died on his birthday, according to those conveyed by his father, F. H. La-

University of California with the
of 1914 and a member of the Sigma Phi fraternity, going to France
months ago.

Surviving the young soldier are his father and three brothers, Captain J. Lathrop, now recuperating wounds at Letterman Hospital; Earl Lathrop, a discharged member of 248th Field Artillery, and Cecil Lathrop, also of Berkeley.

**Alameda Is Back
With French Bride**

ALAMEDA, May 21.—W. T. ton, Alameda fighting man, served overseas with the 18th engineers, has returned home with French bride, who was formerly a nurse.

Hutton and his bride crossed seas on separate transports, but in the East and honeymooned at the continent by leisurely steamer. Hutton and his wife are now guests at the home of the husband's mother, at 1710 Euclid avenue. He was formerly a Southern Pacific engineer and his job is awaiting him.

Martinez Man Is Killed by Train

MARTINEZ, May 21.—C. E. V. was run down and instantly killed by Southern Pacific train No. 129 in

noon. Wood had been employed by Southern Pacific Company for several years. He is survived by a wife and two children residing in Benicia.

In the Superior Court of the State of California, in and for the County ofameda.
 Frances L. Billings, plaintiff, vs. Jack Billings, defendant.
 Summons.

You are hereby directed to appear and answer the complaint filed in the county of Alameda in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of Alameda, within ten days after the service on you of this summons—if served within this county, or within thirty days if served elsewhere.

You are hereby notified that unless you appear and answer as above required, the plaintiff will take judgment for the money or damages demanded in the complaint as arising

Given under my hand and the Seal
of the Superior Court of the State of
California in and for the County of Ala-
bama, this 12th day of February, 1919.

By H. BENNINGSEN, Deputy:
 DWALD P. TALBOTT, Attorney for
 Plaintiff, City Hall, Oakland, Cal.

If you saw it in The TRIBUNE, tell
 me so. Thank you.

RESCUES WIFE EQUALITY BILL FROM TANGLES

This picture of a happy couple is that of FRANCIS BURTON HARRISON and his bride, formerly MISS ELIZABETH WRENTMORE of Berkeley. It was taken by an International Film Service photographer as the Governor of the Philippines and his wife strolled down Michigan avenue, Chicago, shortly after having been married.

Ship Costs Must Be Cut: Hurley Easterners Are Told to Lower Prices

Shipbuilders of Pacific Coast ports will be told tomorrow by Chairman Hurley of the Shipping Board that the price of \$100 a ton, which has been charged on government contracts during the war, must be broken. Declaration that cost of production must be reduced was made to eastern yard men yesterday.

The conference for which Oakland and other west coast shipbuilders went east a few days ago is scheduled for tomorrow. In addition to Hurley, the cost delegates will also have a few words to say. Their errand is to persuade Hurley of the depth of the injustice that would be done to Pacific yards if the government contracts were canceled. The committee went armed with data and figures for Hurley's consumption.

The delegation is due to arrive at Washington tonight or tomorrow morning. It is composed of George A. Ames, president Moore Shipbuilding Company; J. R. Christy, manager Alameda plant of the Bethlehem Shipbuilding Corporation; W. W. Johnston, president of the Construction Company; Dan Hamilton, president Hamilton Drydock and Shipbuilding Corporation; and various San Francisco, Seattle, Portland and Los Angeles men.

Chairman Hurley told the Eastern yard representatives yesterday that the industry developed by the War Emergency was not on a normal basis now that peace had come and that reductions in building costs may be made to enable American ships to compete with the foreign product. It was made clear that the board had no intention to interfere arbitrarily with the industry nor to attempt to prevent legitimate profit on contracts made in good faith and on which the builders were assured they would receive equitable treatment. Where keels have not been laid, however, the board expects generous cooperation from the yards in putting down the high cost justified during the war emergency and where material has not been delivered, in substituting a new flat price contract and types of ships needed to make a well-balanced fleet.

Until flat prices can be quoted on tonnage still to be built, the board does not expect to ask Congress for an appropriation. Nearly \$700,000,000 will be needed to carry out contracts which the board already has been authorized to make. Approximately 750,000 tons of small ships probably will be canceled to allow the substitution of larger types in the same yards.

Reduction of building costs will save many millions to the government. It is believed the adjustments will reach \$150,000,000. Experts of the board did not hesitate to say there are more yards now than the country needs and regard the passing of the weaker as to be expected, their function ended with the close of hostilities. Owners of all yards built as war measures are being compensated as other industries are, it was stated.

INCLINES ON STREETS, NEW 'GAS' ECONOMY

Gasoline prices are to rule Oakland's street grades in all new street construction, as the result of detailed investigations of the consumption of fuel by automobiles on various grades of the city's thoroughfares. The street department engineers in preparing plans have for their primary object making each street as cheap as possible for an automobile to run over, holding that the automobile today is the principal user of streets.

Varying grades mean varying consumption of gasoline per mile, according to the tables used by the street department engineers in their designs. For instance, Twelfth street to Lake Merritt, being level, is a less expensive street to run on with an automobile than Eighth street, which has a slight grade.

Telegraph avenue, to Berkeley, costs the automobilist less to run on than Grove street.

Each silver brick weighed about 62 pounds and was worth \$1000, and each train carried between \$5,000,000 and \$10,000,000 worth of the bricks. Guarded shipments of silver dollars also were made from the United States treasury in Washington and from the New Orleans sub-treasury to Philadelphia. More than \$25,000,000 silver dollars were melted and shipped to India during the year, to meet urgent war demands for coinage.

ESTIMATES COMPUTED.
These estimates are made on a table showing by careful computation how much mileage a two-ton automobile will get out of one gallon of gasoline on various grades. On a level street a gallon of gasoline is good for sixteen miles. On a 1 percent grade the mileage drops to 12.7, on a 2 percent grade to 10.6, 5 percent grade, 6.3 miles; 8 percent grade, 5.3 miles; 10 percent grade, 4.5 miles; 12 percent grade, 3.9 miles, and 15 percent grade, 3.3 miles.

Twelfth street between Broadway and Lake Merritt is level, but Eighth street between Broadway and the lake has a 1 percent grade. Grove street has a grade varying from 1 to 1 1/2 percent; San Pablo avenue is nearly level; Broadway and College avenue into Berkeley have grades varying from 1 to 5 percent; Piedmont avenue (within Oakland city limits) has a 2 percent grade; East Twelfth and East Fourteenth streets have grades varying from 1 to 3 percent, and the Foothill boulevard varies from 1 to 5 percent.

INCLINES LIKELY.
In designing new streets or arranging repairs, the engineers are seeking wherever possible to keep as much of the streets level as possible. For instance, when a 1 percent grade street is to be repaired, if the grading can be done at reasonable prices it will be graded level, even though it might make a short, sharp incline somewhere that would "eat" less gasoline than the long steady grade.

\$265,000,000 SENT FROM U.S. SECRETLY

Now that the government has completed its war time shipments to India of silver from melted dollars, Director of the Mint Baker has disclosed how thousands of tons of the metal were hauled from the Philadelphia mint to San Francisco in special trains guarded by armed men, without loss of an ounce and without general knowledge of the procedure.

Eighteen of these treasure trains made the trip across the continent in the twelve months ending last April 23, with the silver like big bricks piled high in each of the five express cars composing a special train. Two men with automatic pistols at their hips and sawed-off shotguns on their laps sat in each car and later guarded the secret transfer of the bars from train to ship at San Francisco.

Each silver brick weighed about 62 pounds and was worth \$1000, and each train carried between \$5,000,000 and \$10,000,000 worth of the bricks. Guarded shipments of silver dollars also were made from the United States treasury in Washington and from the New Orleans sub-treasury to Philadelphia. More than \$25,000,000 silver dollars were melted and shipped to India during the year, to meet urgent war demands for coinage.

"The study of auto mileages may revolutionize street construction in this city," declared Superintendent of Streets Henry P. Brown. "Inasmuch as the automobile is to be considered above other considerations, as the automobile is the principal user of a street, we must estimate above other details just how a street grade will affect the cost of operating automobiles over it. If a short, sharp raise can save gasoline that would be wasted on one long, steady low grade, the city should construct the street in that manner, if this can be done with safety."

There are a number of bad grades on several streets that can be eliminated when they are repaired. In the old days of horses and buggies they did not matter, and, in fact, it is only in a few recent years that the automobile traffic has assumed such proportions that the building of streets must be guided by its needs. Streets now being built in the annexed district are being constructed with the auto traffic requisites first in view.

40-Cent Meal Now Possible in France

PARIS, May 21.—Cheap meals can still be obtained in Paris, but it is given to few to solve the problem. The General Association of Paris Students (known to its members as the "A") has succeeded in providing a dinner for the equivalent of 46 cents. It consists of an hors d'oeuvre or soup, meat with a vegetable, one vegetable as a course, and a dessert. Unlimited bread, and a serviette are given, but no wine. Two hundred students took part in the inaugural meal.

Ferguson Convicted On Charge of Murder

SUSANVILLE, May 21.—For slaying Arthur McEarmery with a knife during a card game at Westwood, William Ferguson was convicted of second degree murder by a jury in the Superior court here. Ferguson pleaded self-defense, alleging others in the room threatened his life before he drew his knife. He will be sentenced Thursday.

Dyes Hair, But He Can't Deceive Wife

CHICAGO, May 21.—Herman Paulette, 60 years old, father of five children, manager of the Federal Stove Manufacturing company, 6416 South Paulina street, dyed his hair so he could look like a real "Beau Brummel," according to the story told Judge Fry by his wife, Mrs. Jennie Paulette, 59 years old, who charges him with nonsupport.

"When Paulette left his wife five weeks ago his hair was silver gray," she said. He went to live with another woman at a West Adams street address. Mrs. Paulette trailed him despite the change in hair.

Paulette admitted he attempted to dye his hair black, but it turned out a dark red.

"Then forget it," said the court.

"Yes," replied Paulette.

GIRLS PLAY BASEBALL.
SANTA CLARA, May 21.—The girls' baseball team of the Santa Clara high school defeated the girls' team of the San Jose high in a practice game here today, the score being 12 to 12.

Picnic to Be Held at Stege on Friday

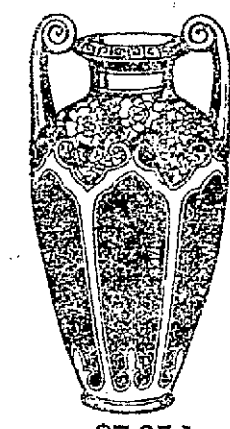

Arrangements have been made by the Industrial Equipment Company to give a picnic at East Shore park at Stege next Friday in the interest of the employees of the company and their wives and families. An interesting program has been arranged. There will be a baseball game between two nine composed of the employees of the concern and other games and races for men, women and children.

E. G. Kelley, superintendent of the company, is attending to furnishing transportation to and from the picnic grounds, will award presents to the winners of the several contests.

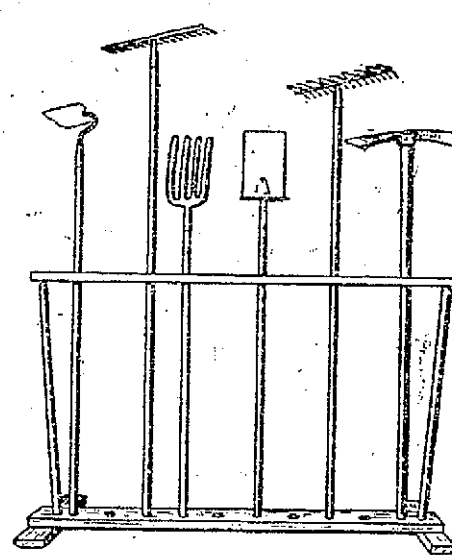

J. B. Orr, welfare worker for the firm, explained the details of the plans yesterday afternoon at 3 o'clock as one shift was leaving the plant and another just starting to work. In this way the speaker delivered the message to all of the employees at once.

Clara high school defeated the girls' team of the San Jose high in a practice game here today, the score being 12 to 12.
